Message from Principal

I am delighted to extend my heartfelt appreciation to our Student Council and the various committees that form the vibrant core of our institution. As the Principal of Sardar Patel Institute of Technology (SPIT), the premier self-financed, autonomous institution in Maharashtra and a proud member of the esteemed Bharatiya Vidya Bhavan, I recognize the crucial role you play in nurturing the unique ethos of our school. The Bhavan, which comprises over 300 institutions, symbolizes a culture, a legacy, and a journey that began in 1938 with the blessings of Mahatma Gandhi. Our guiding principle remains the impartation of value-based education infused with Indian cultural values.

The energy and enthusiasm you bring to our campus are truly commendable. You have worked tirelessly to create an environment of inclusivity and growth,

ensuring that every student feels valued and empowered. This aligns seamlessly with SPIT's commitment to holistic development, preparing students not just for a "sprint" but for the "marathon" of life, equipping them to navigate the ever-changing landscape of the 21st century. Your efforts in organizing a wide range of activities—from technical events that spark intellectual curiosity to cultural celebrations that honor our rich heritage—are genuinely inspiring. These initiatives provide invaluable opportunities for learning, collaboration, and personal growth, reflecting SPIT's focus on "How to learn?" rather than merely "What to learn?". Just as we promote multidisciplinary exposure within our academic framework, you cultivate a vibrant array of experiences outside the classroom.

The seamless collaboration between the Student Council and its committees showcases the spirit of teamwork and shared responsibility, mirroring the dedicated efforts of our faculty and staff in maintaining SPIT's esteemed reputation. Your commitment to amplifying the voices of our diverse student body aligns perfectly with our mission to nurture human sensitivity and empathy. Your work is a testament to the power of student leadership, and I am confident that, with your continued dedication, SPIT will achieve new heights of excellence. Let us grow together and build a better tomorrow.

Dr. Bhalchandra Chaudhari

Principal, Sardar Patel Institute of Technology

Message from Dean Students Affairs

I am overjoyed to offer my heartfelt gratitude to our Student Council and all of the committees who have worked tirelessly to convert our campus into a thriving hive of energy, inclusivity, and growth. Your passion, dedication, and unshakeable excitement have helped shape the vibrant and dynamic culture that characterizes our institution. Through your tireless work, they have created an environment in which every student feels empowered, involved, and heard. Error! The filename was not given.

The Student Council has shown exceptional leadership in organizing a variety of activities, including technical events for intellectual curiosity, sports for teamwork and physical well-being, and cultural events to celebrate diversity and innovation. Each of these events has helped to enrich the overall student experience.

Dr. Kiran Talele

Dean Students, Alumni & External Relations

Activities 2022-23

01] Garba Night 2022:

The vibrant atmosphere of our college Quadrangle was illuminated with colorful lights and adorned with traditional decor as we embarked on an exhilarating Garba Night. Enthusiastically donned in vibrant traditional attire, students flooded the venue, eagerly anticipating a night of joyous celebration and cultural immersion. The rhythmic beats of Garba music filled the air, setting the stage for an evening filled with energetic dance and spirited camaraderie.

As the night unfolded, the infectious energy of the crowd transformed the Quadrangle into a bustling hub of movement and laughter. From graceful twirls to exuberant footwork, students enthusiastically embraced the rich cultural heritage of Garba, weaving intricate patterns on the dance floor with grace and precision. Each step resonated with a sense of belonging and pride, fostering a deep sense of unity and community among participants. Amidst the vibrant festivities, a delectable spread of Food and Beverages awaited attendees, tantalizing their taste buds with an array of traditional delicacies and refreshing drinks. The aroma of freshly prepared snacks wafted through the air, adding to the sensory delight of the evening and providing a welcome respite for dancers to recharge and refuel.

Throughout the event, laughter echoed and friendships flourished, creating cherished memories that will be fondly remembered for years to come. Beyond mere entertainment, the Garba Night served as a platform for cultural exchange and appreciation, bridging diverse backgrounds and fostering mutual respect and understanding among students.

As the night drew to a close, there was a palpable sense of contentment and fulfillment among attendees, a testament to the success of the event in fostering a spirit of unity and celebration within our college community. Looking ahead, we eagerly anticipate future cultural events that will continue to showcase the rich diversity and collective enthusiasm of our student body, promising more delightful celebrations and memorable experiences to come.

In essence, the Garba Night was not just a celebration of music and dance, but a celebration of our shared identity and collective spirit as members of a vibrant and inclusive college community. It was a reminder of the power of cultural expression to unite us and create lasting bonds that transcend differences, leaving an indelible mark on our hearts and minds.

02] Agility & Smash It Up :

The organization embarked on the execution of Agility, an inaugural sports event marking the commencement of the Academic Year. Agility was crafted to encompass a diverse array of sports activities tailored for the students within the institute's community. With an atmosphere brimming with anticipation and excitement, the event garnered remarkable participation from students across various disciplines and academic levels.

Initiated and overseen by the Sports Committee, the sports-centric arm of the Students' Council, Agility exemplified collaborative efforts aimed at fostering a sense of camaraderie and sportsmanship among the student body. As the curtains lifted on this eagerly awaited event, the enthusiasm reverberated through the corridors and grounds of the institute, setting the stage for a memorable sporting extravaganza.

From track and field events to team sports, Agility offered a platform for students to showcase their athletic prowess and competitive spirit. The meticulously planned itinerary ensured that participants were engaged in a series of exhilarating challenges, each designed to test their agility, endurance, and strategic acumen. As participants enthusiastically embraced the spirit of healthy competition, the event served as a catalyst for fostering a culture of physical fitness and recreational engagement within the institute's ecosystem.

The resounding success of Agility underscored the significance of such initiatives in nurturing a vibrant and inclusive campus culture. Beyond its role as a mere sporting event, Agility embodied the values of teamwork, resilience, and fair play, imparting invaluable lessons that transcend the boundaries of the playing field. As participants and spectators alike departed with cherished memories and newfound friendships, Agility left an indelible mark on the collective consciousness of the institute, setting the stage for a year replete with opportunities for growth, camaraderie, and sporting excellence.

03] S.P.I.T. Hackathon:

S.P.I.T Hackathon, the flagship event of C.S.I S.P.I.T, in association with The Students' Council S.P.I.T, was successfully conducted on 4th-5th February 2023 at Sardar Patel Institute of Technology in Mumbai, India.

The event attracted over 1500+ registrations from all across India for the first round which was an online abstract submission round, out of which 42 teams were shortlisted for the on-site hackathon. The hackathon commenced with an opening ceremony at 9:00 AM that included lighting the lamp and inaugural speeches by Dr. B.N. Chaudhari, Principal of S.P.I.T, Dr. Y.S. Rao, Dean of Academics of S.P.I.T, and Prof. Kailas Devadkar, the faculty mentor of CSI S.P.I.T.

After the technical team explained the problem statements to team leaders from 10:00 to 11:00 AM, the coding round started at 11:00 AM sharp. Participants were provided with meals and refreshments at regular intervals. Two mentoring rounds were also conducted both offline and online for the participants to get clarity about their ideas and implementation.

The teams worked tirelessly throughout the night and submitted their final commits on GitHub before 11:00 AM the next morning. They were also required to submit a presentation explaining the functionality of their project and its future scope.

Judging round 1 was held immediately after coding time ended, and the top 10 teams were shortlisted for the final round. The final judging round commenced, and the Top 3 teams, along with teams with the Best Pitch, Best UI/UX, and Best FOSS Hack, were felicitated with prizes at the closing ceremony.

The event was a grand success, providing a platform for budding developers to showcase their talents, and the participants gained valuable experience and exposure to the latest technologies. The event ended with a vote of thanks, with participants and organizers eagerly looking forward to the next edition of the S.P.I.T Hackathon.

04] SPoorthi:

SPoorthi, the annual Intercollegiate Sports festival of Sardar Patel Institute of Technology (S.P.I.T.), witnessed an extraordinary response this year, drawing participants from various corners of Maharashtra. The festival served as a melting pot of athleticism and sportsmanship, showcasing a diverse range of sporting disciplines including football, kabaddi, carrom, chess, and table tennis. From seasoned athletes to enthusiastic rookies, participants from different colleges converged to compete and celebrate the spirit of sportsmanship.

One notable highlight of this year's SPoorthi was the concerted effort to encourage female participation in sports. Recognizing the importance of inclusivity and gender equality, special events were curated exclusively for girls. This initiative yielded remarkable results, as a significant number of young women enthusiastically embraced the opportunity to showcase their sporting prowess. The sight of female athletes taking the center stage not only added vibrancy to the event but also underscored the festival's commitment to fostering diversity and empowerment.

The success of SPoorthi was a testament to the collective effort of organizers, volunteers, participants, and sponsors. Months of meticulous planning and coordination culminated in a seamlessly executed event that left a lasting impression on everyone involved. From the exhilarating matches to the camaraderie shared over post-game conversations, every moment contributed to the overall tapestry of memories that defined SPoorthi 2024.

As the curtains drew close on yet another edition of SPoorthi, the reverberations of its impact continued to resonate. Beyond the trophies and medals, the true legacy of the festival lies in the inspiration it instilled, the friendships it forged, and the lessons it imparted. SPoorthi 2024 wasn't just a sporting event; it was a celebration of athleticism, inclusivity, and the indomitable human spirit. As participants dispersed, carrying with them memories of triumphs and challenges, they left behind a legacy that will inspire generations to come.

05] General Championships:

The second edition of S.P.I.T.'s General Championships (GC) was held with great excitement and vigor, reflecting the vibrant spirit of the student community. Organized by the Student's Council, the event aimed to provide a platform for students to exhibit their talents, foster healthy competition, and strengthen bonds within the institute. Over the course of several months, students from various branches enthusiastically participated in a diverse array of competitions spanning Technology, Culture, and Sports domains.

The Technology competitions witnessed intense coding battles, robotics challenges, and tech quizzes, where participants showcased their ingenuity and technical prowess. Meanwhile, the Cultural segment showcased the rich diversity and creativity of the student body through captivating performances in dance, music, drama, and art. In the Sports arena, athletes displayed remarkable skill and athleticism in various events including cricket, football, basketball, and athletics, captivating spectators with their competitive spirit and sportsmanship.

As the competition progressed, the excitement intensified, culminating in a grand finale where the winners were honored and accolades were bestowed upon outstanding performers. Branches competed fiercely for the coveted title, with each vying for their branch's glory. Despite the competitive atmosphere, the event was marked by mutual respect, support, and a shared passion for excellence.

In conclusion, the second edition of S.P.I.T.'s General Championships was a resounding success, leaving an indelible mark on the student community. Participants departed with cherished memories, newfound friendships, and a renewed sense of pride in their alma mater. The event exemplified the spirit of unity, talent, and resilience that defines the ethos of our college. Acknowledgements were extended to all participants, organizers, volunteers, and sponsors whose unwavering support and dedication made the GC a memorable and rewarding experience for all. We eagerly anticipate future editions of this esteemed event, continuing the tradition of excellence and camaraderie.

06] Freshers' Party 2023:

The institute kicked off the new academic year by extending a warm welcome to the first-year students (FEs) through the much-anticipated Freshers' party, an event orchestrated by the Students' Council. As the inaugural major offline cultural gathering for the newcomers, it served as a platform for fostering camaraderie and initiating them into the vibrant campus community. The atmosphere was brimming with excitement and anticipation as FEs eagerly immersed themselves in the festivities.

Embracing tradition, the Freshers' party featured a lineup of branch-based competitions designed to showcase the talents and diversity within the incoming cohort. Among the highlights were the spirited contests for the titles of Mr. and Ms. Fresher, where participants exuded charm and charisma in their bid to capture the coveted crowns. Additionally, the musical battle saw the formation of bands representing different branches, each vying to captivate the audience with their melodic prowess and stage presence.

The culmination of the event came in the form of a lively branch-wise dance competition, where FEs showcased their creativity and coordination through choreographed routines that enthralled onlookers. The energy was palpable as participants poured their hearts into their performances, igniting cheers and applause from their peers. It was a celebration of talent and teamwork, underscoring the sense of unity and collaboration that defines the institute's community spirit.

As the evening progressed, the festivities transitioned seamlessly into an electrifying DJ night, where FEs let loose on the dance floor, reveling in the pulsating beats and infectious rhythms. The atmosphere was charged with euphoria as students forged new friendships and bonds amidst the pulsating lights and vibrant music.

The Freshers' party not only provided FEs with an opportunity to unwind and socialize but also served as a precursor to the myriad experiences that awaited them during their time at the institute. It set the stage for a year filled with learning, growth, and camaraderie, laying the foundation for lasting connections and memories that would accompany them throughout their academic endeavors.

07] Oculus 2023:

The buildup to the fest was marked by a series of engaging pre-events that set the tone for what was to come. Among these was the highly anticipated Techrace, an app-based treasure hunt that took participants on a thrilling journey across the bustling streets of Mumbai. It served as a precursor to the main event, stirring excitement and anticipation among attendees.

Prior to the official commencement of the fest, two prominent student organizations, Spark and Mudra, collaborated to organize an unforgettable Open Mic Night. This event provided a platform for talents from various corners of Mumbai to showcase their skills and creativity, fostering a sense of community and camaraderie amongst participants.

Throughout the duration of the fest, attendees were treated to a diverse array of events designed to cater to a wide range of interests and passions. From the melodious strains of Sargam to the fierce competition of Aelan-E-Jung and the high-stakes drama of the IPL Auction, there was something for everyone to enjoy.

One of the highlights of the inaugural night was the electrifying War of Branches dance competition, which not only showcased the incredible talent of the participants but also served as a platform for various branches to compete for points towards the coveted General Championship leaderboard.

As the fest unfolded over the subsequent days, attendees were treated to a series of spectacular performances that kept spirits high and energy levels soaring. From the pulsating beats of DJ Krispie to the soulful melodies of Khoj the Band and the infectious energy of Diskhant, each performance left the audience clamoring for more.

The overwhelming response and enthusiasm from attendees cemented Oculus as a resounding success, solidifying its place as one of the premier cultural events in Mumbai. Through its diverse lineup of events and electrifying performances, Oculus succeeded in capturing the imagination and hearts of all those who attended, leaving behind memories that would be cherished for years to come.

08] Marathon

On April 23, 2023, our college campus buzzed with excitement and enthusiasm as we successfully hosted the Sustainathon, a remarkable marathon dedicated to promoting zero waste and eco-friendly practices. Drawing participants from all corners of Mumbai, the event saw an impressive turnout of over 650 individuals, each eager to contribute to the cause of environmental sustainability.

The Sustainathon encompassed various categories tailored to accommodate diverse preferences and fitness levels. From the challenging 10-kilometer route to the accessible 5-kilometer track, participants had the opportunity to choose their preferred distance. Additionally, the inclusion of the Joy Run provided a platform for individuals of all ages and abilities to join in the festivities, further amplifying the inclusive spirit of the event.

Throughout the marathon, participants not only showcased their physical endurance but also their unwavering commitment to environmental conservation. Many adorned themselves in eco-friendly attire, carrying reusable water bottles and utilizing compostable materials, thereby embodying the ethos of sustainability that the Sustainathon aimed to promote.

The success of the Sustainathon was further amplified by the collective effort of volunteers, sponsors, and organizers who worked tirelessly to ensure its smooth execution. Their dedication and passion for the cause were instrumental in creating an unforgettable experience for participants and spectators alike.

As participants crossed the finish line, their faces radiated with a sense of accomplishment and pride, knowing that their participation had contributed to a greater purpose. The Sustainathon not only promoted physical health and wellness but also underscored the crucial role that each individual plays in safeguarding our planet for future generations.

In conclusion, the Sustainathon was not merely a marathon but a symbol of our collective commitment to building a sustainable future. By harnessing the power of community engagement and advocacy, we have taken a significant step towards creating a more environmentally conscious society. As we reflect on the success of this event, let us carry forward the momentum and continue to strive towards a greener, more sustainable world.

09] Food Challenge

E-Cell S.P.I.T, in collaboration with IIC S.P.I.T., recently orchestrated a riveting Food Challenge event, marking a dynamic intersection of entrepreneurial zeal and gastronomic creativity. The event unfolded with an air of anticipation as student teams meticulously crafted their culinary masterpieces, transforming the campus into a vibrant culinary marketplace. Each team fervently set up their food stalls, showcasing an eclectic array of delectable delights, all poised to tantalize the taste buds of eager patrons.

The ambiance buzzed with excitement as the Food Challenge commenced, with participants enthusiastically engaging with visitors, offering samples of their delectable creations and enticing them with enticing aromas wafting from their stalls. A notable highlight of the event was the utilization of coupons as the primary mode of payment, injecting an element of innovation and gamification into the proceedings, fostering an immersive experience for both vendors and customers alike.

Distinguished figures from the culinary realm, including renowned Food Vloggers such as Mayank Shah, graced the event as esteemed judges, tasked with the arduous responsibility of adjudicating the culinary offerings based on a nuanced evaluation of taste, presentation, and market appeal. The atmosphere crackled with anticipation as the judging panel meticulously sampled each delicacy, scrutinizing flavor profiles and culinary craftsmanship with discerning eyes.

Amidst the spirited competition and gastronomic indulgence, Team Mr. Bean's emerged triumphant, clinching the coveted title for best taste, their culinary prowess earning accolades from both judges and patrons alike. Meanwhile, Team PVR distinguished themselves by demonstrating exceptional acumen in salesmanship, clinching the accolade for maximum sales, a testament to their strategic marketing tactics and customer engagement strategies..

In essence, the Food Challenge event organized by E-Cell S.P.I.T. in collaboration with IIC S.P.I.T. epitomized the convergence of innovation, entrepreneurship, and culinary artistry, underscoring the transformative power of experiential learning in shaping the future leaders of tomorrow's entrepreneurial landscape. It served as a poignant reminder of the boundless opportunities inherent in harnessing creativity, resilience, and ingenuity to carve a niche in the competitive world of business and gastronomy alike.

10] Illuminate

E-Cell S.P.I.T, in collaboration with IIC S.P.I.T. and E-Cell IIT Bombay, orchestrated an enlightening event titled 'Illuminate 2022.' This six-hour workshop was meticulously crafted to acquaint students with the fundamentals of entrepreneurship, serving as a gateway to the realm of innovation and business acumen. Mr. Divyansh Raj, an esteemed Startup Mentor at IIT Bombay, spearheaded the session, bringing forth a wealth of knowledge and experience to guide the participants on their entrepreneurial journey.

Throughout the workshop, Mr. Raj delved into various crucial aspects of entrepreneurship, offering comprehensive insights into pitching strategies, Business Model Canvases (BMCs), effective marketing techniques, and financial management principles. Participants were encouraged to actively engage in discussions, share their perspectives, and collaborate with their peers to foster a conducive learning environment.

Moreover, 'Illuminate 2022' proved to be more than just a workshop; it was a transformative experience for all attendees. Beyond imparting theoretical knowledge, the session addressed pertinent queries, dispelled common misconceptions, and provided invaluable mentorship that has the potential to shape the future trajectory of aspiring entrepreneurs.

As the curtains drew to a close on this enriching event, expressions of gratitude resonated through the venue. Ms. Sakshi Khanna, the esteemed Chairperson of E-Cell S.P.I.T., extended heartfelt appreciation to all participants for their active participation and enthusiasm. Furthermore, the event witnessed the felicitation of esteemed guests by Prof. Kaisar Katchi, a revered faculty mentor, symbolizing the collective recognition of the invaluable contributions made towards fostering entrepreneurial spirit and innovation within the academic community.

In retrospect, 'Illuminate 2022' stands as a testament to the collaborative efforts of E-Cell S.P.I.T., IIC S.P.I.T., and E-Cell IIT Bombay in nurturing and empowering the next generation of entrepreneurial leaders. It not only provided a platform for learning and growth but also served as a catalyst for igniting passion and drive towards creating impactful ventures that resonate in the dynamic landscape of entrepreneurship.

11] Case Study Competition

The collaboration between E-Cell S.P.I.T and IIC S.P.I.T bore fruit with the successful launch of the 'Case Study Competition 2023', marking a significant milestone in their endeavors. This event, held amidst anticipation and excitement, marked the beginning of a promising year ahead. Participants from diverse backgrounds and expertise were invited to tackle real-world challenges prevalent on Twitter, demonstrating the fusion of technical and non-technical prowess required in today's dynamic landscape.

Following the screening process, a select group of finalists advanced to the offline competition, where they had the opportunity to present their solutions in person. The panel of esteemed judges, comprising Mr. Ankur Chokhani, Mr. Kaisar Katchi, and Mr. Parth Vora, brought a wealth of expertise to the evaluation process. Their discerning eyes scrutinized each presentation, evaluating the feasibility, originality, and impact of the proposed solutions.

The competition transcended beyond mere presentations, as participants engaged in insightful Q&A sessions with the judges. This interactive exchange fostered a rich learning environment, allowing participants to defend their ideas, receive constructive feedback, and refine their approaches. The spirit of collaboration and knowledge-sharing permeated throughout the event, epitomizing the essence of experiential learning.

As the curtains drew close on the event, anticipation soared as the winners were poised to be unveiled. E-CELL S.P.I.T's Chairperson, Ms. Sakshi Khanna, graced the stage to felicitate the deserving champions. Their exemplary efforts and innovative solutions were celebrated, serving as inspiration for future aspirants. Beyond the accolades, the event left an indelible mark on all participants, equipping them with invaluable insights, skills, and networks essential for navigating the complexities of the contemporary business landscape.

12] E-Summit 2023

- E-Merge 2023

During E-SUMMIT, E-Cell organized E-Merge, an event where promising startups pitched their disruptive ideas to esteemed investors. The investor panel included Pooja Parmar from Equanimity Investments, John Dsouza of MGA Ventures, and Gaurav Thakur, a renowned financial advisor and founder of Getsfly Media with 6.3 million followers on YouTube. Out of numerous applicants, 10 startups were shortlisted to pitch, followed by a networking lunch for potential investment and mentorship opportunities. E-Merge 2023 proved highly successful, nurturing future industry giants.

- Changemaker

E-Cell S.P.I.T, in collaboration with IIC S.P.I.T., organized the Changemaker competition as part of E-Summit 2023. It involved an elevator pitching challenge where students had to devise solutions to real-world problems faced by NGOs CRY and Goonj. Judges from each NGO evaluated the solutions based on clarity, feasibility, and impact. After an ideation period, teams pitched their ideas, followed by a Q&A session. Winners, Team (Sanika Tiwarekar, Shubh Gupta, Gargi Kadam) for CRY and Team (Akshay Gokhle, Soham Parekh, Eeshan Gomes) for Goonj, were selected. The event allowed students to apply problem-solving skills and gain practical experience.

- Acquisition Arena

As part of the three-day E-Summit event held from April 6th to 8th, 2023, E-Cell S.P.I.T. in collaboration with IIC S.P.I.T. organized Acquisition Arena on the final day. This event allowed participants to explore acquisitions and mergers, common business strategies for expansion. Divided into two rounds, it began with an online screening round with 80 teams participating, and the top 15 advanced to round 2. Teams had to bid for mergers between brands from a pool of 35, presenting compelling rationale.

Featuring three enlightening keynote sessions, the conclave began with Sanjay Jha encouraging youth to apply their entrepreneurial mindset for societal sustainability. Aayush Anand and Harshil Karia, founders of Level Supermind, emphasized mental wellness and yoga's role in enhancing productivity. Pranjal Kamra stressed financial literacy and personal finance management. The event facilitated learning, networking, and inspiration, empowering the next generation of entrepreneurs to create innovative solutions for real-world challenges.

13] Code Housie

C.S.I S.P.I.T. commenced its 2022-23 term with the exciting launch of "Code Housie," an innovative coding event inspired by the timeless game of Housie, tailored specifically for Second Year students. This event aimed to blend the thrill of traditional gaming with the intellectual challenge of coding. Teams comprised of two members were equipped with housie tickets featuring two rows, each housing three question numbers. The objective was clear: participants had to devise programmatic solutions to problems corresponding to the numbers on their tickets, leveraging the HackerRank platform.

The atmosphere was charged with anticipation as participants delved into the array of coding challenges awaiting them. Problems ranged across a spectrum of complexities, covering diverse domains such as string manipulation, logical reasoning, mathematical computations, data structures, and algorithmic puzzles. This eclectic mix ensured that participants had the opportunity to showcase their prowess across various facets of coding.

The event unfolded within the familiar confines of the S.P.I.T. labs, where 59 teams, totaling 118 students, immersed themselves in the exhilarating world of coding. Each team brought its unique blend of skills, creativity, and problem-solving acumen to the table, infusing the competition with a vibrant energy.

As the clock ticked away, tension mounted, and excitement reached its zenith. In a riveting climax to the competition, Navneet Nair (SE) and Faiz Khan (SE) emerged triumphant, clinching the coveted Full Housie prize. Their exemplary performance underscored not only their technical proficiency but also their resilience and adaptability in navigating the rigors of competitive coding.

With "Code Housie" setting the stage for a dynamic start to the academic year, C.S.I S.P.I.T. reaffirmed its commitment to fostering a culture of innovation, collaboration, and excellence within its student community. As participants departed with newfound insights, skills, and camaraderie, the event stood as a testament to the transformative power of technology-driven initiatives in shaping the leaders and innovators of tomorrow.

14] C Workshop

C.S.I- S.P.I.T., the Computer Society of India Student Chapter at Sardar Patel Institute of Technology, recently hosted its much-anticipated annual C workshop tailored for first-year students. The primary aim of this event was to cultivate a vibrant coding culture among the newcomers and to acquaint them with the fundamental

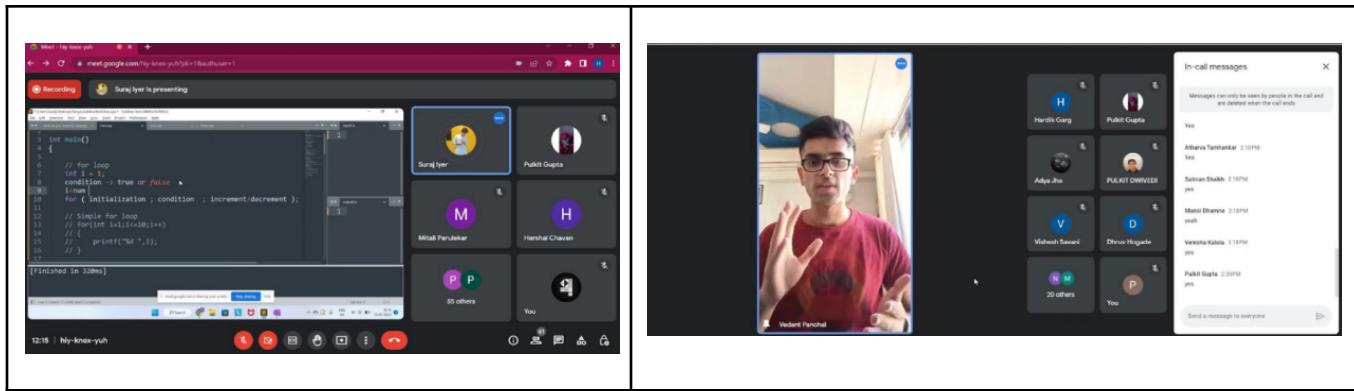

concepts of programming in the C language, thereby laying a solid foundation for their journey into the coding world.

The workshop curriculum was meticulously designed to encompass a comprehensive array of essential topics essential for budding programmers. Throughout the sessions, participants delved into crucial concepts such as data structures, input handling, arrays, loops, strings, malloc, file management, and pointers in C. These topics were carefully selected to provide participants with a well-rounded understanding of the language, catering to both theoretical knowledge and practical application.

Facilitating this enriching learning experience were six adept second-year students who took turns conducting the workshop sessions over the course of three weekends. Their dedication and expertise were evident as they navigated through complex concepts with clarity and enthusiasm, ensuring that all participants could grasp the intricacies of C programming effectively.

Despite the challenges posed by the ongoing pandemic, the workshop successfully transitioned to an online format, allowing over 100 students to participate remotely via Gmeet. This adaptation not only ensured the safety and well-being of all participants but also expanded the reach of the workshop, enabling students from diverse geographical locations to partake in this valuable learning opportunity.

In conclusion, the annual C workshop organized by C.S.I- S.P.I.T. not only succeeded in its objective of fostering a coding culture among first-year students but also served as a testament to the dedication, expertise, and innovative spirit of the organizers and facilitators involved. By equipping participants with essential programming skills and nurturing their passion for coding, the workshop has undoubtedly laid a solid foundation for their future endeavors in the dynamic field of computer science.

15] Competitive Programming with Priyansh Agarwal

CSI-SPIT, the Computer Society of India Student Chapter at Sardar Patel Institute of Technology, recently hosted a dynamic two-day Competitive Programming workshop, featuring renowned Competitive programmer Priyansh Agarwal. The event, held on March 18th and 19th, 2023, garnered significant attention, drawing in approximately 200 students from various parts of Maharashtra. The primary objective of the workshop was to foster a vibrant coding culture within the college while enhancing participants' competitive programming skills.

On the inaugural day of the event, attendees were treated to an inspiring session by Priyansh Agarwal himself. With an impressive repertoire of achievements in the field of Competitive Programming, Priyansh shared invaluable insights from his journey, alongside offering practical advice gleaned from his entrepreneurial experiences. His engaging narrative captivated the audience, motivating them to delve deeper into the world of competitive coding.

The second day of the workshop was dedicated to hands-on learning and practical application. Participants immersed themselves in a comprehensive Competitive Programming workshop, facilitated by Priyansh Agarwal and seasoned mentors from CSI-SPIT. The workshop covered a wide array of essential topics crucial for success in competitive programming, ranging from algorithmic problem-solving techniques to advanced data structures.

A highlight of the event was the inaugural edition of India's first Competitive Programming Hackathon, organized by CSI-SPIT in collaboration with Priyansh Agarwal. The Hackathon featured a challenging set of 40 CodeForces questions, meticulously curated to test participants' problem-solving prowess and coding acumen. The intense yet exhilarating competition brought together budding programmers from diverse backgrounds, fostering a spirit of collaboration and friendly rivalry.

In conclusion, CSI-SPIT's Competitive Programming workshop, featuring Priyansh Agarwal and India's first CP Hackathon, emerged as a resounding success, leaving an indelible mark on the participants and reinforcing the importance of promoting coding culture and competitive programming skills in educational institutions.

16] Aarambh :

IEEE S.P.I.T, in collaboration with IEEE AEES, commenced the term with an engaging icebreaker session aimed at easing the transition for incoming first-year students as they embarked on their college journey. The

event was meticulously crafted to provide a welcoming environment for these new entrants, ensuring they felt supported and integrated into the college community from the outset.

The icebreaker session was carefully designed to foster interaction and camaraderie among the students. Through a series of interactive games and activities, participants were encouraged to step out of their comfort zones, break the ice, and forge connections with their peers. These activities not only served as a platform for introductions but also promoted teamwork and collaboration, essential skills for success in both academic and professional settings.

One of the highlights of the event was the diversity of participation. Students from various branches and backgrounds came together, transcending disciplinary boundaries to engage in the activities. This diverse representation not only enriched the experience but also underscored the inclusive nature of the session, where all students felt valued and included irrespective of their academic pursuits.

The success of the icebreaker session was palpable in the enthusiastic participation and positive feedback from the attendees. As students mingled and interacted, barriers dissolved, paving the way for meaningful connections to be formed. Many remarked on how the event helped alleviate their initial apprehensions about college life, instilling a sense of belonging and camaraderie that would accompany them throughout their academic journey.

In conclusion, the icebreaker session organized by IEEE S.P.I.T, in collaboration with IEEE AESS, not only facilitated the integration of incoming first-year students into the college environment but also laid the foundation for a thriving and inclusive community. Through interactive activities and teamwork, students were able to forge connections, overcome barriers, and set a positive tone for their college journey. This event exemplified the values of camaraderie, inclusivity, and collaboration that are integral to the IEEE community and bodes well for future endeavors within the organization.

17] Innovation Cup'23

The Hardware competition, held in collaboration with ESA S.P.I.T., was a significant endeavor aimed at fostering social entrepreneurship and facilitating the exchange of innovative ideas among students from various regions of India. With a focus on critical domains such as healthcare, agriculture, women's safety, and transportation, the competition provided a robust platform for participants to showcase their inventive solutions. The event, which unfolded seamlessly, began with participants submitting detailed abstracts outlining their proposed projects.

The essence of the competition lay in its ability to ignite creativity and problem-solving skills among the participating students. Through their abstract submissions, students demonstrated a deep understanding of pressing societal issues and proposed novel hardware-based solutions to address them. This initial phase set the stage for an engaging and insightful exchange of ideas, setting a high bar for the subsequent presentations.

As the competition progressed, participants had the opportunity to present their ideas before a distinguished panel of judges comprising experts from relevant fields. The presentations were characterized by a palpable sense of enthusiasm and conviction as students articulated their vision for leveraging technology to effect positive social change. Each presentation was a testament to the ingenuity and passion of the participants, who had devoted considerable time and effort to refining their concepts.

The event provided a conducive environment for networking and collaboration, fostering connections among like-minded individuals who shared a common goal of driving social impact through technological innovation. Beyond the competitive aspect, the Hardware competition served as a catalyst for interdisciplinary dialogue and knowledge exchange, enriching the collective understanding of pressing societal challenges and the potential avenues for addressing them.

18] IETE Trekking and Camping 2023:

The two-day trek to Kalsubai Peak on April 14th and 15th, 2023, was an extraordinary adventure that captivated participants with its stunning natural landscapes and invigorating challenges. From the outset, it was evident that meticulous planning and organization were key elements in ensuring both safety and enjoyment throughout the journey.

As participants embarked on the ascent, they were met with a series of challenges that tested their endurance and determination. However, through cohesive teamwork and unwavering support from fellow trekkers, the daunting climb became more manageable, fostering a sense of camaraderie among the group. Each step forward was a testament to the resilience and spirit of adventure that defined the experience.

At nightfall, as the group gathered around the campfire under a canopy of stars, laughter and storytelling filled the air, forging bonds that would endure beyond the trek itself. It was in these moments of shared joy and reflection that the true essence of the experience revealed itself—a harmonious blend of adventure, beauty, and companionship.

The highlight of the trek was undoubtedly the summing of Kalsubai Peak, the highest point in Maharashtra. As participants reached the summit, their efforts were rewarded with breathtaking panoramic views that stretched as far as the eye could see. It was a moment of triumph and awe, a reminder of the sheer power and beauty of the natural world.

As the trek drew to a close, participants departed with hearts full of gratitude and memories that would last a lifetime. The journey to Kalsubai Peak had been more than just a physical challenge; it had been a transformative experience that had brought individuals together in pursuit of a common goal. In the end, it was not just about reaching the summit, but about the journey itself—the laughter shared, the obstacles overcome, and the friendships forged along the way.

19] E-Waste collection drive-

On August 30th, the Innovation and Incubation Centre (IIC) at SPIT, in partnership with the Rotaract Club (RC) at SPIT, orchestrated a concerted effort to address the burgeoning issue of electronic waste (e-waste) through an e-waste collection drive. This collaborative initiative aimed to foster awareness and foster active participation among students and faculty members alike, employing a multifaceted approach to engage the SPIT community.

Throughout the day, participants enthusiastically contributed to the cause by bringing in their outdated electronic gadgets to a centrally designated collection point on campus. The meticulous planning ensured the smooth and secure transportation of the collected e-waste to a certified recycling facility, where it would undergo proper disposal and recycling procedures. This meticulous attention to detail underscored the organizers' commitment to environmentally responsible practices.

Central to the event's agenda was an educational component aimed at enlightening attendees about the detrimental consequences of improper e-waste disposal and the manifold benefits of recycling. Through informative displays, presentations, and interactive discussions, participants gained insight into the environmental hazards posed by e-waste and the pivotal role recycling plays in mitigating these risks. This educational outreach not only fostered greater awareness but also empowered individuals with the knowledge needed to make informed decisions regarding their electronic waste.

Looking ahead, the organizers expressed their intent to perpetuate the momentum generated by this event by spearheading future initiatives aimed at fostering environmental stewardship and sustainability within the SPIT community and beyond. Through continued collaboration and advocacy, they aspire to instill a culture of conscientious consumption and responsible waste management, thereby effecting meaningful change on both local and global scales.

20] Beach cleaning-

On September 24th, 2023, RC SPIT hosted a beach cleaning event at Dadar Beach, marking a significant step towards promoting environmental consciousness and fostering community engagement in preserving our shorelines. The event aimed to raise awareness about the importance of keeping our beaches clean and mitigating the detrimental impacts of plastic pollution on marine ecosystems.

Utilizing various outreach channels such as social media, flyers, and local media, RC SPIT effectively rallied participants to join hands in this noble endeavor. Despite the ominous presence of rain clouds, the enthusiasm among participants remained unwavering, reflecting their genuine commitment to the cause and their eagerness to make a positive difference in their community.

As the event unfolded, RC SPIT facilitated the proceedings by providing essential cleaning equipment and organizing participants into teams. This strategic approach ensured that the cleanup process was conducted efficiently, allowing for maximum coverage of the shoreline and the removal of litter and debris that marred the natural beauty of Dadar Beach.

The turnout for the event exceeded expectations, with a substantial number of individuals from diverse backgrounds coming together to contribute their time and effort towards a common goal. Their collective dedication and hard work culminated in a resounding success, as evidenced by the visibly cleaner and rejuvenated shoreline of Dadar Beach.

As the day drew to a close, participants departed with a profound sense of fulfillment and pride in their accomplishments. Beyond the tangible results of the cleanup, they carried with them a newfound appreciation for the importance of preserving our natural habitats and a renewed commitment to taking proactive steps towards a cleaner and healthier environment.

In conclusion, the beach cleaning event organized by RC SPIT on September 24th, 2023, served as a testament to the power of community action and the profound impact that collective efforts can have in effecting positive change. Through their dedication and determination, participants demonstrated that by working together, we can make a meaningful difference in safeguarding the planet for future generations.

21] Pad project 30th October

On October 30th, RC SPIT partnered with the Saksharta Foundation to host an impactful event at Lokmanya Tilak Udyana Juhu. This collaboration focused on the PAD Project, which aimed to address menstrual hygiene challenges faced by girls in the 7th to 10th grades. The event was a testament to the collective efforts of both organizations in providing essential support to these young girls.

A highlight of the event was the presence of Mr. Hardik Bhat, a renowned certified K11 master trainer. Mr. Bhat delivered an enlightening session on fitness, exercise, and the significance of maintaining proper sanitation practices. His insights added depth to the event, emphasizing not only the importance of menstrual hygiene but also overall well-being.

Central to the event's objectives was the distribution of free sanitary pads to the attending girls. This provision was coupled with educational resources aimed at empowering them with knowledge about menstrual health and hygiene. The initiative sought to break taboos surrounding menstruation while ensuring access to vital resources for those in need.

The event garnered significant attention and participation, drawing a diverse audience interested in supporting the cause of menstrual hygiene. Through the collective efforts of volunteers and organizers, a positive impact was made on the lives of many young girls. The provision of free sanitary pads and educational sessions served as crucial steps towards promoting a healthier and more informed community.

Moreover, the event served as a platform for dialogue and awareness, fostering discussions around menstrual health and hygiene practices. Participants engaged in conversations about breaking stigmas and advocating for greater access to menstrual hygiene products. Such discussions are essential in challenging societal norms and promoting inclusivity and equality.

Looking ahead, the organizers expressed their commitment to continuing such initiatives in the future. By collaborating with like-minded organizations and individuals, they aim to expand their reach and make a lasting difference in the lives of girls and women. The success of this event serves as a testament to the power of community-driven efforts in addressing pressing social issues and fostering positive change.

22] Night Cycling-

On January 21st, our organization orchestrated a night cycling extravaganza with the overarching objective of advocating for cycling as a wholesome and eco-friendly means of transportation, all while promising a distinctive and pleasurable venture for all participants involved. Through extensive promotion across diverse

platforms, the event garnered significant attention, drawing in over 150 enthusiastic cyclists eager to pedal through the city under the shroud of nightfall.

The meticulous planning of the cycling route played a pivotal role in ensuring the success of the event. Crafted with precision, the route showcased the city's scenic spots and iconic landmarks, offering cyclists a delightful journey through its illuminated streets and bustling thoroughfares. Safety remained paramount throughout the event, with comprehensive instructions provided to all participants, ensuring their well-being and the smooth progression of the cycling expedition.

As the night unfolded, the streets came alive with the rhythmic hum of bicycle wheels and the laughter of camaraderie. Cyclists, adorned with glowing accessories and adorned bikes, traversed the urban landscape, forming a vibrant procession that captivated onlookers and passersby alike. The event fostered a sense of community spirit among participants, forging new connections and strengthening the bond between cycling enthusiasts.

Beyond the physical aspect of cycling, the event sought to underscore the broader benefits of embracing cycling as a sustainable mode of transportation. By showcasing the joy and camaraderie inherent in cycling, the event effectively conveyed the message of environmental consciousness and the importance of reducing carbon emissions through alternative means of travel.

In retrospect, the night cycling event emerged as a resounding success, surpassing expectations and leaving a lasting impact on all those involved. By promoting cycling as a sustainable transportation option and providing participants with a memorable and enjoyable experience, the event succeeded in its mission to encourage environmental consciousness and foster a vibrant cycling community within the city.

23] Food for Paws-

On February 12, 2023, RC SPIT orchestrated a compassionate initiative—a street dog feeding event—to address the plight of stray canines and foster awareness about animal welfare. With the overarching goal of providing sustenance and care to these marginalized animals, the event garnered substantial attention through extensive publicity across diverse platforms. The concerted efforts of the organizers, volunteers, and participants culminated in a successful endeavor that catered to the nutritional needs of all street dogs within the community.

Central to the event's agenda was not only the provision of free food and water but also the dissemination of crucial information regarding the compassionate treatment of street dogs and the prevention of animal cruelty. Participants were offered comprehensive guidance on fostering a conducive environment for street dogs, emphasizing the importance of responsible pet ownership and advocating for the rights and welfare of animals. Through interactive sessions and informative materials, attendees were empowered to actively contribute to the well-being of these vulnerable creatures.

Beyond the immediate provision of sustenance, the event served as a catalyst for broader social change by fostering a culture of empathy and compassion towards animals. By sensitizing the community to the challenges faced by street dogs and the ethical responsibilities incumbent upon humans, the event catalyzed a collective commitment to upholding animal rights and dignity. Participants emerged not only with a heightened awareness of the issues surrounding street dogs but also with a renewed sense of purpose to effect positive change in their communities.

Looking ahead, RC SPIT remains steadfast in its dedication to advocating for the rights and well-being of animals. Building on the success of this event, the organization is poised to continue its efforts in raising awareness, mobilizing resources, and effecting tangible change in the lives of street dogs and other vulnerable animals. Through sustained advocacy and collective action, RC SPIT endeavors to create a more compassionate and inclusive society where the welfare of all sentient beings is safeguarded and respected.

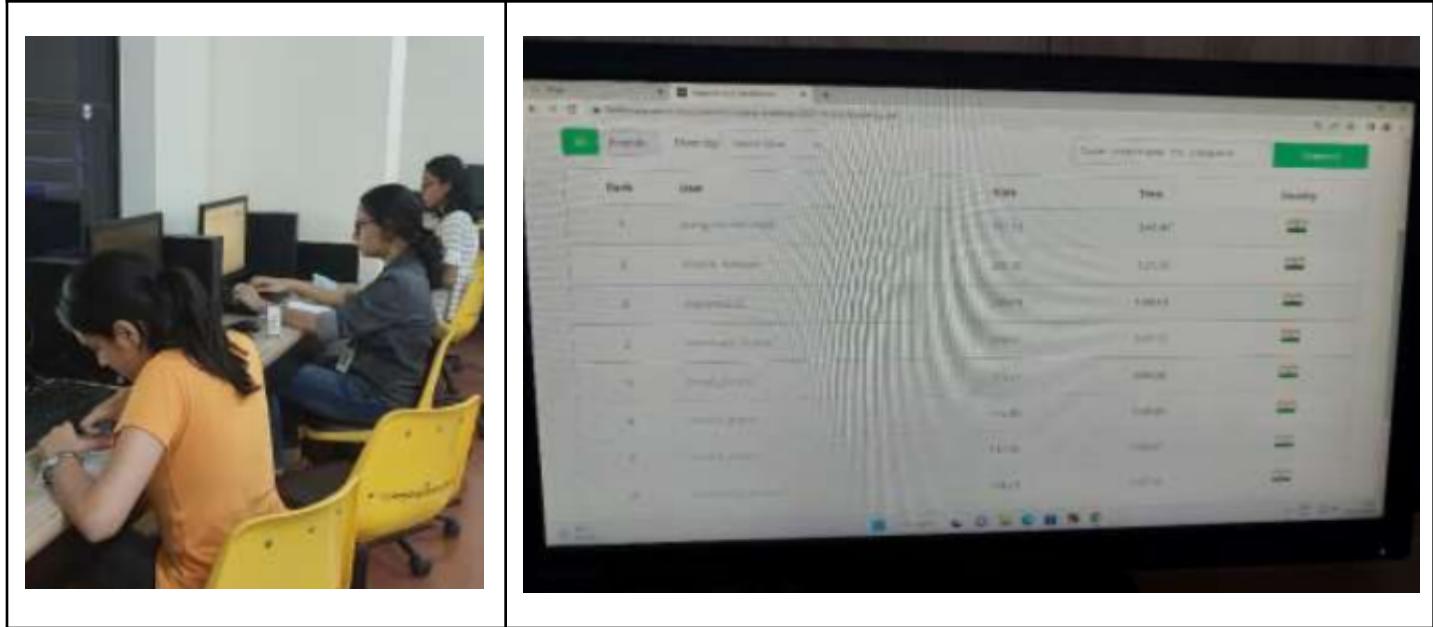

24] Girls Coding Contest

The Girls Coding Contest, a virtual event, unfolded as an inclusive platform empowering female students to exhibit their coding prowess. Embracing the digital landscape, participants embarked on a journey where they tackled coding challenges with fervor, their screens becoming canvases for innovation and problem-solving. In the realm of virtual interaction, barriers dissolved, transcending geographical limitations, and fostering a global community of aspiring female technologists.

As the contest progressed, the virtual corridors echoed with the hum of creativity and dedication. Participants, undeterred by the intangible nature of the competition, delved into the intricacies of coding problems, each keystroke a testament to their commitment and ingenuity. Behind the scenes, a panel of esteemed judges meticulously reviewed each submission, navigating through lines of code that bore the imprint of countless hours of dedication. Their discerning eyes sought not only technical proficiency but also a glimpse of the creative minds behind the screen, searching for that spark of innovation that sets exceptional coders apart.

As the judging process unfolded, anticipation hung in the digital air, each participant eagerly awaiting the verdict that would validate their efforts. The announcement of winners marked the culmination of weeks of hard work and dedication, as names were unveiled, and accolades bestowed upon those whose coding prowess shone brightest.

In retrospect, the Girls Coding Contest transcended the confines of a mere competition; it was a celebration of diversity, innovation, and female empowerment in the digital age. As participants bid farewell to the virtual arena, they carried with them not only memories of a competition well-fought but also the enduring belief that in the world of technology, gender knows no bounds.

25] Women's day Celebration

The Women's Day Celebration held in the college auditorium was a vibrant affair that brought together students, faculty, and staff in commemoration of women's achievements and contributions. The event was meticulously organized, with a lineup of inspirational speeches, captivating cultural performances, and

engaging discussions on women's empowerment. Attendees eagerly participated in interactive activities designed to promote dialogue and reflection on gender equality and the challenges faced by women in various spheres of life.

The atmosphere of the event was both celebratory and empowering, as participants shared stories of resilience, success, and determination in overcoming obstacles. Through heartfelt speeches and thought-provoking discussions, the audience gained valuable insights into the importance of supporting and uplifting women in their personal and professional endeavors.

The Women's Day Celebration also provided a platform for showcasing talent and creativity, with performances ranging from traditional dances to spoken word poetry, all highlighting the diverse experiences and talents of women. Additionally, attendees had the opportunity to engage in networking and exchange ideas, fostering connections and solidarity among participants.

In addition to the main celebration, a separate Fun Event for Teaching and Non-teaching Faculty was organized in the college's multipurpose hall. This gathering served as a delightful tribute to the female faculty members, recognizing their invaluable contributions to the institution.

Faculty members enthusiastically participated in a range of enjoyable activities, from friendly competitions to talent showcases, which brought laughter and camaraderie to the event. It was a joyous occasion that underscored the importance of appreciation and recognition for the dedication and hard work of female educators.

26] Industrial Visit

The NISP Council S.P.I.T organized a highly informative industrial visit to LTI Mindtree in Pune, India, which took place on February 4, 2023. This visit was a significant opportunity for the students of S.P.I.T. to gain firsthand insights into the operations of prominent IT companies, while also delving into the intricacies of both the Indian and global market dynamics.

During the visit, the students had the privilege of engaging with seasoned professionals boasting over a decade of experience in various domains within the company. These experienced individuals graciously imparted their wisdom and expertise, offering valuable guidance and tips across a spectrum of fields including research and development, testing procedures, support team dynamics, and human resources management. The interaction

with these industry veterans proved to be enlightening for the students, providing them with practical insights into the inner workings of a successful IT enterprise.

Furthermore, the itinerary of the industrial visit also included a visit to SSIG Manufacturing Advancements (SSIGMA), where the students were exposed to cutting-edge advancements in the realm of robotics and Industry 4.0 concepts. They were provided with the opportunity to witness live demonstrations showcasing a myriad of technologies, including scaled-down factory models, pneumatic machines, sensor-based systems, and a state-of-the-art 6-degree-of-freedom robotic arm.

In conclusion, the industrial visit to LTI Mindtree and SSIGMA organized by the NISP Council S.P.I.T proved to be a resounding success, providing the students with a holistic understanding of the IT industry and its evolving landscape. The invaluable experiences gained during this visit are sure to shape the future endeavors of the students, equipping them with the knowledge and insights necessary to thrive in an ever-changing technological landscape.

27] S.M. Parekh Debate Competition:

The S.M. Parekh Debate Competition, an esteemed tradition hosted annually by the ASMH (Applied Sciences and Humanities) department at Sardar Patel Institute of Technology (S.P.I.T.), witnessed a significant addition this year. ELA (English Literary Association) collaborated with ASMH to co-organize the event, marking a fusion of academic prowess and literary finesse. This collaboration aimed to enhance the competition's scope and foster a deeper engagement with critical thinking and eloquent expression.

The competition attracted enthusiastic participation from students across various disciplines, reflecting the diverse interests and talents within the institute. Teams consisting of two members each vied for the coveted title, demonstrating their rhetorical skills and analytical acumen. The preliminary rounds, held under the discerning gaze of the ASMH department, served as a rigorous selection process, ensuring that only the most articulate and persuasive speakers advanced to the subsequent stages.

On November 11, 2022, the semi-final and final rounds unfolded with heightened anticipation and fervor. Esteemed judges, Ms. Usha Nair and Dr. Meera Bharwani, luminaries in their respective fields, assumed the arduous task of evaluating the participants' performances. Their expertise and discernment were instrumental in providing constructive feedback and guiding the contenders towards refining their oratory prowess.

Throughout the competition, participants grappled with thought-provoking topics spanning a myriad of contemporary issues, ranging from socio-political dilemmas to ethical quandaries. Their impassioned arguments and eloquent articulation captivated the audience, engendering intellectual discourse and fostering a spirit of healthy competition.

Ultimately, after much deliberation, the victors were announced, heralding a culmination of months of preparation and dedication. However, beyond the accolades and triumphs, the S.M. Parekh Debate Competition stood as a testament to the institute's commitment to nurturing intellectual inquiry and fostering a culture of eloquence and critical thinking among its student body.

28] CodeExplore contest:

On March 6, 2023, an exciting collaboration between IEEE CS and IIC SPIT Tech Solutions culminated in the much-anticipated "CodeXplore: Coding Contest" hosted on HackerRank. This event marked a significant opportunity for 196 students hailing from different academic years at SPIT to showcase their prowess in coding and problem-solving. The contest, designed to accommodate participants proficient in Python, Java, and C++, aimed to not only challenge but also nurture their programming skills.

The atmosphere was charged with anticipation and enthusiasm as participants dove into the competition, eager to demonstrate their capabilities. Each student brought their unique approach and creativity to the challenges presented, showcasing a diverse range of coding techniques and problem-solving methodologies.

Throughout the duration of the contest, participants engaged in intense coding sessions, grappling with complex problems and meticulously crafting solutions. The event served as a testament to the dedication and passion of the students, who exhibited resilience and determination in the face of challenging tasks.

After a rigorous evaluation process, the winners emerged victorious, their hard work and ingenuity recognized and celebrated. Congratulations were in order for those who clinched the top positions, their achievements a testament to their dedication and skill. However, the spirit of camaraderie prevailed, with all participants commended for their active engagement and commitment to the competition.

Looking ahead, organizers expressed excitement for future collaborations and events, promising more opportunities for students to showcase their talents and foster their passion for coding. With the resounding success of this competition as a testament, the future holds boundless possibilities for further innovation and excellence in the field of programming.

In conclusion, the "CodeXplore: Coding Contest" served as a platform for students to not only demonstrate their coding skills but also to connect, learn, and grow as aspiring programmers. As the curtains closed on this event, participants departed with newfound knowledge, experiences, and memories, eagerly awaiting the next chapter in their coding journey.

The image shows two screenshots from the HackerRank platform. The left screenshot displays the contest management interface for 'CodeXplore By IEEE CS SPIT'. It shows basic statistics: Signup Count (188), Total Cumulative Signups (196), Login Count (95), Login Conversion Rate (50.53%), and Number of Users Who Submitted Code (82). The right screenshot shows the 'Leaderboard' page for the same contest, listing top performers with their scores, times, and country icons. The top performer has a score of 910.00 and a time of 6:45:55.

29] Sort-a-Thon contest:

On April 20, 2023, an exciting collaboration between IEEE CS and IIC SPIT culminated in the eagerly anticipated "Sort-a-Thon" hosted on HackerRank. This event marked a significant opportunity for participants from various academic years at SPIT to converge and exhibit their prowess in coding and problem-solving.

The competition, which embraced contestants proficient in Python, Java, and C++, was strategically designed to gauge participants' creativity, problem-solving acumen, and programming proficiency. It served as a litmus test for their ability to tackle real-world challenges within a constrained time frame, mirroring the demands of the professional landscape awaiting them.

With a staggering registration count of 190 participants, the contest surpassed expectations, resonating deeply within the community of aspiring programmers. It provided a dynamic platform where individuals could not only demonstrate their existing skills but also cultivate new ones.

Amidst the backdrop of intense concentration and spirited camaraderie, participants immersed themselves in solving intricate coding challenges, pushing the boundaries of their capabilities. Participants showcased remarkable resilience in the face of adversity, leveraging setbacks as opportunities for growth and learning. Each submission bore the imprint of their dedication and perseverance, a testament to their unwavering commitment to excellence.

Ultimately, the "Sort-a-Thon" proved to be a resounding success, leaving an indelible mark on the participants and organizers alike. Beyond the accolades and awards, the true legacy of the event lies in the bonds forged, the skills honed, and the aspirations kindled. It stands as a testament to the transformative power of community, collaboration, and a shared passion for the art of coding.

General Secretary's Year in Brief

Honourable Principal Sir, Chief Guests, Guests of Honour, Special Guests, Teachers, Staff Members, and my fellow friends, It is with immense pleasure that I present the report on students' activities for the academic year 2022-23.

With the commencement of the new academic year, there was a surge of innovative ideas that were set to be incorporated in the various events scheduled for the year. Our Students' Council worked tirelessly to organize a wide range of activities that catered to the diverse interests of our student body.

Major Events

1. Teacher's Day Celebration

The Students' Council began its series of events with Teacher's Day Celebration, in collaboration with the former Students' Council on 5th September 2022. The event included fun activities for the teachers and a skit marking the end of the celebration.

2. Garba Night

Celebrating the festive mood of Navaratri in the college, Garba Night was celebrated after a gap of 3 years and turned out to be a huge success. The night ended with happy memories of the

vibrant celebration.

3. Agility

We then moved on to organize Agility, the introductory sports event of the Academic Year. The competition consisted of a bunch of sports events for the students belonging to the institute.

4. Induction Session

The Students' Council arranged an Induction Session to provide new students with a concise introduction to S.P.I.T. and its diverse facilities.

5. Smash it Up

The Council along with the Sports Committee organized a Badminton Tournament called Smash it Up, an ice-breaker session for the first-year students.

6. Freshers' Night

In January, the Students' Council followed the tradition to organize The Freshers' Night to welcome the First year in the college. The event consisted of group dance performances by each division and the Mr. and Ms. Fresher pageant.

7. S.P.I.T. Hackathon

S.P.I.T.'s flagship tech event, the S.P.I.T. Hackathon, took place in February. The Students' Council in collaboration with the Computer Society of India, S.P.I.T. organized the 24-hour offline hackathon.

8. SPoorthi

The annual Intercollegiate Sports festival of S.P.I.T, SPoorthi, gathered an astounding number of responses. Participants from all over Maharashtra participated in various sports events in large numbers.

9. TEDx

After 3 years in S.P.I.T, TEDx was conducted, which included noted speakers such as Angry Prash, Shivani Karla, Sai Godbole, Janhavi Bhatia & Sushant Pujari.

10. F1 Streaming & Mood Indigo Collab

S.P.I.T. got a chance to host intercity selections for Mood Indigo - Annual Cultural festival of IIT Bombay. The finals of the Abu Dhabi Grand Prix was streamed in the college for all the F1 enthusiasts.

11. Oculus

The build-up to the fest was marked with a number of pre-events such as F1 Streaming, Redbull Car Reveal & promotions by celebrities. Oculus kicked off its 3-day run with an inauguration ceremony.

12. E-Summit

The E-Summit organized by the E-Cell S.P.I.T. was a three-day entrepreneurial extravaganza aimed at inspiring, educating, and connecting aspiring entrepreneurs with industry stalwarts, investors, and mentors.

13. Barclays Hackathon

A 24-hour Hackathon was conducted by Barclays in collaboration with the Training & Placement Office S.P.I.T.

14. General Championship (GC) & Sports Championship (SC)

The General Championship competition in the college serves as a platform for students to showcase their talents, skills, and sportsmanship.

15. Marathon

The Sustainathon, a marathon with a focus on zero-waste eco-friendly practices, was successfully organized in our college on 23rd April.

Conducting so many student activities across multiple domains would not have been possible without the support of, first and foremost, our Principal for providing us with the necessary resources. I would like to thank Prof Kiran Talele Sir, the Dean of Student Affairs, and Narendra Bhagat Sir, Head of Gymkhana, for their guidance and encouragement throughout the planning process.

I would like to thank all the faculties, administration team, and all support staff for coordinating and being available for us at all times. A team is not a group of people who work together. A team is a group of people who trust each other, and I had 9 such people who I could trust with everything, which is the Student Council.

I would like to acknowledge the hard work and dedication of all the committees who tirelessly worked behind the scenes to ensure that everything ran smoothly. Without their selfless efforts, conducting so many events would not have been possible.

Last but not least, I would like to express my gratitude to all my fellow students who have supported me throughout my tenure as the General Secretary. It has been an absolute honor and privilege to serve you all.

Once again, thank you to everyone who contributed to the success of this event. We hope to continue organizing such events in the future and make our college proud. Thank you all.
