Message from Principal

I have immense pleasure in expressing my heartfelt appreciation to our Student Council and the numerous committees that constitute its vibrant core. As Principal of Sardar Patel Institute of Technology (SPIT), the leading self-financed, autonomous institution in Maharashtra, a constituent of the esteemed Bharatiya Vidya Bhavan, I recognize the vital role you play in nurturing the unique ethos of our institution. Bhavan, more than a collection of 300 institutions, represents a culture, a legacy, a journey embarked upon in 1938 with the blessings of Mahatma Gandhi. Imparting value-based education infused with Indian cultural ethos remains our guiding principle.

The energy and dynamism you bring to our campus are truly commendable. You have tirelessly fostered an environment of inclusivity and growth, ensuring every student feels valued and empowered. This resonates deeply with SPIT's commitment to holistic development, preparing students not just for a "sprint" but for the "marathon" of life, equipping them to navigate the ever-evolving landscape of the 21st century.

Your efforts in organizing a diverse array of activities, from technical events that ignite intellectual curiosity to cultural celebrations that embrace our rich heritage, are truly inspiring. These initiatives provide invaluable platforms for learning, collaboration, and personal growth, mirroring SPIT's focus on "How to learn?" rather than simply "What to learn?". Just as we encourage multidisciplinary exposure within our academic model, you foster a vibrant tapestry of experiences outside the classroom.

The seamless collaboration between the Student Council and its committees exemplifies the spirit of teamwork and shared responsibility, echoing the dedicated efforts of our faculty and staff in achieving SPIT's enviable reputation. Your dedication to amplifying the voices of our diverse student body aligns perfectly with our commitment to nurturing human sensitivity and empathy. Your work is a testament to the power of student leadership, and I am confident that, with your continued dedication, SPIT will continue to reach new heights of excellence. Let us grow together, building a better tomorrow.

Let's grow together...

Dr. Bhalchandra Chaudhari
Principal, Sardar Patel Institute of Technology

Message from Dean Students Affairs

I am truly delighted to express my deepest gratitude to our Student Council and all of the committees that work tirelessly to transform our campus into a vibrant hub of energy, inclusivity, and growth. Your passion, dedication, and unwavering enthusiasm have been instrumental in shaping the lively and dynamic culture that distinguishes our institution. Through your relentless efforts, they have cultivated an environment where every student feels empowered, engaged, and heard.

The Student Council has consistently demonstrated exemplary leadership in organizing a wide range of activities, from technical events that stimulate intellectual curiosity to sports events that promote teamwork and physical well-being, and cultural events that celebrate diversity and creativity. Each of these events has contributed to enriching the overall student experience, creating platforms for learning, expression, and connection beyond the classroom.

The collaboration between the Student Council and numerous committees showcases the true spirit of teamwork and shared responsibility. It is through this synergy that we ensure the voices of our diverse student body are not only heard but also respected and valued. This collective effort enables us to foster an inclusive campus culture where students from all backgrounds. Their work goes beyond simply organizing events; they are shaping the very essence of our campus life. By providing opportunities for leadership, personal development, and social engagement, they are empowering students to realize their full potential. Their contributions are a testament to the positive impact of student leadership, and I am confident that their continued dedication will propel us toward even greater achievements. Together, they have made our campus a place where innovation, engagement, and community thrive, and I am excited to see how you will continue to inspire and lead in the future.

Dr. Kiran Talele

The Academic Year 2023-24 was a year of new beginnings and exciting opportunities for our institute. The Students' Council, in collaboration with the college administration and faculty, worked diligently to introduce a range of activities and initiatives that aimed to enhance the student's overall experience. Here is a summary of the key events and programs organized by the Students' Council during the Academic Year 2023-24.

1) Teachers' Day Celebration 2023:

The Students' Council of S.P.I.T. kicked off its events with the vibrant Teacher's Day Celebration on September 5, 2023. The occasion showcased the remarkable talents of MUDRA's students through captivating performances. The festive spirit continued with an enthusiastic game of Housie, where faculty and staff members participated eagerly, competing for exciting prizes. The event not only celebrated the teachers but also highlighted the unity and enthusiasm of the entire college community.

2) Garba Night 2023:

The Garba Night event held at Bhavans Ground on 19th, October was a successful cultural event organized by the Students' Council. The event aimed to unite the college community and celebrate the festive season with enthusiasm and unity. The venue was adorned with vibrant lights and traditional decorations, creating a festive atmosphere that set the stage for an enjoyable evening. Students enthusiastically participated in the Garba dance, dressed in traditional attire, and created cherished memories with their peers. The event was well-received by the attendees, and it was a great success in participation and enthusiasm.

3) Agility:

The Sports Committee successfully organized Agility, the introductory sports event of the Academic Year, which showcased various sports events for students within the institute. The event received an overwhelming response from the student body, creating immense enthusiasm among the participants.

4) S.P.I.T. Hackathon:

S.P.I.T. hosted its flagship tech event, the S.P.I.T. Hackathon, on February 10-11, 2024, which attracted over 1500+ registrations from across India, and 50 teams were shortlisted for the on-site hackathon. The hackathon commenced with an opening ceremony, followed by the technical team explaining the problem statements to team leaders. Participants worked tirelessly throughout the night, submitting their final commits before 11:00 AM. On February 11th, 2024, esteemed judges carefully deliberated and selected the top 10 teams whose presentations stood out for their innovation and creativity, culminating in the crowning of the champion.

5) SPoorthi:

Spoorthi 2024, the intercollege sports festival organized by S.P.I.T., was a resounding success, captivating the sporting community of Mumbai with its unparalleled scale and inclusive spirit. From February 12th to 18th, 2024, the event showcased nine thrilling sports competitions simultaneously, drawing participants from over 55 colleges across Maharashtra. This year's edition raised the bar by increasing the participation caps for all sports, fostering fiercer competition and wider involvement. The event was a testament to teamwork, with dedicated efforts from the Marketing, PR, Decor, Social Media, and Creatives teams. Spoorthi continues to serve as a beacon of unity and celebration, inspiring and uniting through the transformative power of sports.

6) General Championships:

The General Championship serves as a vital platform for students to exhibit their talents and sportsmanship, fostering healthy competition. It encourages the exploration of diverse interests in cultural activities, technical knowledge, and sports, building a strong sense of community. To enhance student synergy within branches and strengthen their bond with the institute, the Student's Council organized the second edition of S.P.I.T.'s General Championships (GC). This multi-month event featured Technology, Cultural, and Sports competitions, drawing enthusiastic participation from students across all branches, each vying for their branch's glory.

7) Freshers' Party:

The institute welcomed the first-year students (FEs) with the traditional Freshers' party, a flagship event by the Students' Council. It marked the first significant offline cultural gathering for the newcomers. Following tradition, FEs engaged in friendly branch-based competitions, including a Mr. and Ms. Fresher pageant and a musical battle with branch-formed bands. The event culminated in a spirited branch-wise dance competition, concluding with an energetic DJ night for all FEs.

8) Oculus 2024:

Oculus'24, held from March 29th to 31st, was a vibrant college fest that kicked off with the Techrace treasure hunt on February 4th, where participants navigated clues across Mumbai. The festival featured dynamic events like the Virtual Stock Market (VSM), where participants competed in team rounds covering various market sectors, and the IPL Auction, where teams bid on legendary cricketers like Sachin Tendulkar and Kapil Dev. Aelan-E-Jung (AEJ) showcased electrifying dance performances judged by Richa Negi, while Carnival, the intercollegiate fashion show, ignited passion among aspiring designers from Mumbai, with four colleges competing.

The highlight was the two Pronite concerts. Pronite 1 on March 30th featured performances by rising star Yashraj, followed by DJs Zulex and 14.20, while Pronite 2 on March 31st continued with performances by Ayush Sharma, DJ Sahil Gulati, and the closing act AshKing. These nights of music and dance ensured an unforgettable experience for the audience.

Oculus'24 offered a multifaceted experience, blending financial strategy, sports enthusiasm, artistic showcases, and musical entertainment, making it a standout event in the college fest calendar.

9) Marathon

The S.P.I.T. Marathon - Miles for Smiles, a beacon of mental health awareness, successfully brought together athletes from across Maharashtra to celebrate athleticism. This year's event featured three race categories, including a joyous 5km run and a challenging 10km timed race, catering to all ages and abilities. With 800 enthusiastic participants, the marathon was a resounding success. As we conclude Marathon 2k24, we look forward to continuing our journey of Miles for Smiles, inspiring and uplifting all who join us.

1) E-Summit

E-Summit 2024, organized by E-Cell S.P.I.T. in collaboration with the Students' Council and SPTBI, attracted entrepreneurship enthusiasts nationwide. The first day featured speakers like Ankur Warikoo and Raunaq Rajani, providing insights without any attendance fees. Warikoo shared lessons on entrepreneurship and resilience, while Rajani added humor to the event.

The summit included BizQuest, with over 120 participants in a Business Quiz, fostering teamwork and critical thinking. E-Merge allowed startups to seek funding and mentorship from investors like Mr. Nikhil Vora and Mr. Sarvesh Agrawal. The National Case Study Competition drew over 600 registrations, challenging teams to propose solutions for Spotify's issues, culminating in offline presentations. Acquisition Arena focused on strategic thinking in mergers, with 150 teams participating in an online quiz and live bidding, followed by presentations from the top 20 teams.

On the second day, Mr. Rahul Chari, co-founder of PhonePe, inspired attendees with his insights on entrepreneurship. The event's free access underscored E-Cell S.P.I.T.'s commitment to fostering entrepreneurial learning and development.

2) Pitch-Hunt

E-Cell S.P.I.T. organized "Pitch Hunt," an event for first-year students aimed at developing their ideation and pitching skills essential for aspiring entrepreneurs. Around 150 to 200 participants formed teams of two to brainstorm solutions for real-world business challenges. The competition was intense, with teams creating innovative solutions within a limited timeframe. They then condensed their ideas into 90-second pitches, testing their quick thinking and communication skills. A panel of industry experts judged the pitches based on creativity, feasibility, and presentation, with winners receiving prizes. The event not only showcased participants' talents but also provided valuable insights into their entrepreneurial journeys.

3) Food Challenge

E-Cell S.P.I.T. and the Student Council hosted "Food Challenge 2023" on November 8th, 2023, in the Quadrangle, coinciding with #NOTIFFINDAY. This culinary event featured teams setting up food stalls to showcase their skills and serve signature dishes to the campus community. The atmosphere was lively, filled with laughter and delicious aromas.

Participants operated their stalls like startups, focusing on profit and culinary creativity, while food bloggers added excitement. Attendees could either run their stalls or enjoy the offerings from others, fostering a sense of community. Overall, the Food Challenge was a successful celebration of food and entrepreneurship, blending competition with collaboration.

1) AARAMBH X UDAAN

AARAMBH X UDAAN, organized by I.E.T.E. S.P.I.T. and I.E.E.E. S.P.I.T., celebrated the start of the academic year with enthusiasm and camaraderie. Central to the event was an Ice Breaker Session aimed at helping freshers connect and feel welcomed in university life. Engaging activities and games fostered interpersonal skills and a sense of community, while delicious snacks kept the energy high.

A highlight was the Talent Show, where participants showcased diverse skills, from singing and dancing to comedy, promoting self-expression and peer support. Overall, AARAMBH X UDAAN was a vibrant celebration of unity and diversity, setting the stage for an exciting academic journey for incoming freshmen.

2) Speaker Session on Chandrayaan 3

I.E.T.E. S.P.I.T. and Astrophysics Club S.P.I.T. hosted a Speaker Session on Chandrayaan-3, attracting 75 enthusiasts. ISRO scientist Santosh Vadawale provided insights into the mission's significance and advancements, fostering a deeper connection with the subject matter. The event celebrated India's space achievements, instilling pride and inspiring future explorers. The intimate setting allowed meaningful interactions, enhancing the learning experience. The event's success exemplified the power of collaborative knowledge-sharing initiatives.

3) BugBuster

BugBuster 2024, hosted at Bharatiya Vidya Bhavan's Sardar Patel Institute of Technology by IETE S.P.I.T. and IEEE S.P.I.T., aimed to enhance troubleshooting skills among engineering students. The event attracted 53 teams of three and included workshops on Proteus and Keil, facilitated by Cybermotion Technologies Pvt. Ltd. Participants practiced their skills using Test-Portal, with judges evaluating them via Google Meet.

Eighteen teams advanced to the final offline round on April 13, where they identified errors on PCB boards, culminating in the recognition of five outstanding teams. The event fostered collaboration and innovation, significantly improving problem-solving abilities among aspiring engineers.

1) Open Mic

Open Mic 2024, held on March 26th, highlighted the artistic talents of S.P.I.T. students and faculty, fostering community engagement. The event featured thematic décor, including neon lighting and photo booths, with attendees receiving neon bracelets.

Performances included acts by students and faculty, such as an opening musical number by Prof. Vipul Kushwaha and a one-act drama by Principal Dr. Bhalchandra Chaudhari.

The event provided a platform for personal growth and relaxation, allowing attendees to connect and build community. With strong attendance and positive feedback, Open Mic 2024 concluded with a lively DJ night.

2) Flicks and Chill

The Movie Fest at S.P.I.T. was a vibrant celebration of cinema, bringing together students and faculty for an engaging experience. The event featured a diverse lineup of films, showcasing various genres that captivated the audience.

Attendees enjoyed a lively atmosphere, with the festival highlighting the artistic talents of filmmakers and encouraging discussions about the films, fostering a sense of community.

A cricket match was streamed after the movie screenings, adding an exciting sports element to the event. This combination of film and sports provided a well-rounded entertainment experience, allowing attendees to unwind and connect.

Oculus 2024, a premier college fest, was held from March 29th to 31st, showcasing an array of dynamic events that brought together students, artists, and enthusiasts from various disciplines. The event kicked off with the Techrace treasure hunt on February 4th, setting an exciting prelude to the main festivities.

Techrace:

A treasure hunt spanned across Mumbai starting from college and ending at marine lines. This event happened on Sunday, 4th February. We had 200 participants ranging from all years across SPIT. The clues displayed are both audio and text based clues on app made in-house by our tech team. There are a total of 12 clues, with a major checkpoint in between, throughout the entire route. This event served as an engaging and thrilling precursor, energizing participants for the upcoming main event.

Virtual Stock Market (VSM):

The Virtual Stock Market (VSM) was a three-day event where participants engaged in competitive team rounds. They covered various market sectors, strategizing to achieve financial success. This event did not require prior knowledge, making it accessible to all and attracting hundreds of participants daily. The competition for epic prizes and subscriptions added to the excitement, making it a favorite among the participants.

IPL Auction:

Recreating the excitement of the Indian Premier League auctions, the IPL Auction saw teams bidding for famous cricketers using a fixed virtual budget. Conducted in both online and offline modes, this event spanned three days and included strategic bidding for players based on their performance records and potential. The inclusion of legendary players like Sachin Tendulkar and Kapil Dev in the player pool added to the thrill, making it a highly engaging event.

Aelan-E-Jung (AEJ):

Aelan-E-Jung (AEJ) was a showcase of electrifying dance performances and battles, with talented groups from across the state competing on stage. The presence of Richa Negi, a viral sensation from the COVID-19 pandemic era, as the judge added a unique perspective to the event. AEJ highlighted the creativity and energy of the participants, making it a memorable part of Oculus 2024.

Carnival - Intercollegiate Fashion Show:

Carnival, the intercollegiate fashion show held on March 30th, ignited a passion for fashion among aspiring designers from Mumbai. Four colleges competed, showcasing meticulously crafted garments that reflected their artistic vision and technical skills. The event fostered a sense of community and camaraderie, allowing budding designers to learn from and inspire each other, making it a cornerstone of the festival.

Pronite Concerts:

The highlight of Oculus 2024 was the two Pronite concerts, which captivated audiences with their stellar performances.

- Pronite 1 (March 30th):

The evening kicked off with Yashraj, a rising star in the local music scene, who captivated the audience with his dynamic performance, blending soulful melodies with upbeat tracks. His charisma and stage presence set an energetic tone for the night. Following Yashraj, DJs Zulex and 14.20, known for their association with the renowned DJ duo Lost Stories, took over the decks. Their electrifying sets transformed the venue into a dance floor paradise, featuring expertly mixed tracks and pulsating beats that kept the crowd moving throughout the night.

- **Pronite 2 (March 31st):**

The excitement continued with Ayush Sharma as the opening act, who showcased his fresh talent and vibrant energy, engaging the audience with a mix of soulful and upbeat performances. Next, DJ Sahil Gulati took the stage, delivering a powerful set that seamlessly blended genres and kept everyone dancing. The night culminated with a captivating performance by Ashking, whose closing act left a lasting impression on the audience, marking an epic finale to the event.

Together, both nights of Pronite offered a perfect blend of emerging talent and established artistry, ensuring an unforgettable experience for all attendees and solidifying Pronite as a must-attend event for music lovers.

Oculus 2024 offered a multifaceted and memorable experience, blending financial strategy, sports enthusiasm, artistic showcases, and musical entertainment. The diverse range of events catered to a wide audience, making it a standout event in the college fest calendar. From the adventurous Techrace to the strategic VSM and IPL Auction, the creative AEJ and Carnival, and the electrifying Pronite concerts, Oculus 2024 was a testament to the talent, enthusiasm, and creativity of its participants, leaving a lasting impression on all who attended.

1) AARAMBH X UDAAN

This event marked the beginning of the academic year, bringing students together in Room 008 for an evening filled with entertainment and camaraderie. Hosted by Prathamesh Mane and Atharva Chavan, the event featured interactive games like "Guess the Movie," "Shazam," and "Balloon Pop," creating a festive atmosphere. The Talent Show allowed students to showcase their diverse talents, while an Icebreaker Session encouraged networking and friendships among participants. Refreshments were also provided, enhancing the overall experience.

2) IEEE Day Celebration

Held at Sardar Patel Institute of Technology, this event was organized by IEEE SPIT and included participation from various IEEE societies. The highlight was a Membership Benefits Session led by Mr. Dattatray Sawant, which discussed the advantages of IEEE membership and featured success stories from current members. The event fostered community spirit, highlighted by a cake-cutting ceremony and the distribution of certificates to recognize participant engagement.

3) E-waste Panel Discussion and Blog Writing Competition

This event focused on the critical issue of e-waste management, featuring industry experts who discussed the need for a circular economy. The event included a blog writing competition aimed at raising awareness about e-waste, with cash prizes for winners. E-waste collection bins were also placed around the campus to promote responsible disposal practices.

4) CODE-HUNT

A unique blend of coding and treasure hunting, CODE-HUNT featured a session by guest speaker Mr. Vivek Gupta, a Google Software Engineer. Participants engaged in coding challenges and a treasure hunt, with winners recognized for their problem-solving skills. The event showcased the vibrant coding community at SPIT and emphasized innovation and creativity.

The preliminary round involved 22 teams submitting project abstracts, evaluated by a panel of jury members. Nine teams advanced to the final round, where they presented their innovative solutions to real-world problems. The event underscored SPIT's commitment to promoting innovation and social responsibility among students, with prizes awarded to outstanding projects.

1. Introduction to Drone Workshop

On January 24, 2024, the IEEE AESS hosted an "Introduction to Drone Workshop" in Room 008. The session began with an opening address and covered topics such as drone components, thrust-to-weight ratio, and regulatory frameworks.

Participants engaged in discussions about drone innovation and applications. The workshop concluded with a summary and a quiz to assess understanding, featuring questions on drone design and aerospace principles.

Attendees gained insights into aerodynamics and propulsion through hands-on activities, developing practical skills in drone design. The workshop also highlighted industry trends, inspiring participants to explore careers or further studies in drone technology.

2. Drone Applications Hackathon

The Drone Applications Hackathon was conducted in two phases. In Phase 1, teams from across India submitted online abstracts that highlighted their drone designs, motivations, and innovative ideas. This round garnered significant interest, attracting over 50 participants eager to showcase their creativity.

Phase 2 took place on April 6, 2024, at Sardar Patel Institute of Technology, where 15 shortlisted teams presented their drone prototypes in person. During this offline round, participants demonstrated their models and shared detailed presentations about their concepts. The hackathon not only provided a platform for budding innovators but also inspired students at SPIT to explore the exciting possibilities of drone technology, emphasizing the talent and ingenuity present within the student community.

1) Webinar: Unleashing the Power of Hydrogen: Clean Energy

On September 16, 2023, the IEEE CS SPIT and IIC SPIT hosted a virtual webinar on hydrogen technology in collaboration with the IITB-TUM-SEED Center at the Indian Institute of Technology Bombay. Led by PhD scholar Mr. Ahmad Raza, the session attracted over 100 students from first, second, and third-year engineering programs. The discussion centered on the applications and potential of hydrogen, fostering an engaging dialogue.

that enhanced participants' understanding of its significance in future energy solutions and sustainable development.

2) CodeXplore

On October 1, 2023, IEEE CS, in collaboration with IIC SPIT, hosted the monthly coding contest "Codexplore," which attracted over 100 participants from first, second, and third-year engineering students. The contest aimed to enhance coding skills and provide students with an opportunity to assess their programming progress through various challenges. This engaging event fostered a competitive spirit among participants, allowing them to apply their knowledge and improve their problem-solving abilities, while also connecting with peers in the field.

3) Expert talk: AI Applications and Addressing Concerns

IEEE CS SPIT organized an online meeting hosted by Dr. San Murugesan, a technology expert, focusing on the rapid advancements in Artificial Intelligence (AI). The session attracted a diverse group of participants who explored the latest developments in AI and its significant impact across various sectors. Dr. Murugesan guided discussions on emerging trends, societal implications, and ethical considerations related to AI, fostering collaboration and deeper understanding among attendees. The meeting provided valuable insights into the transformative potential of AI, encouraging participants to consider its applications and challenges in today's world.

4) Codeoff Phase

IEEE CS SPIT hosted "CodeOff," a knockout-style competitive programming and DSA event that highlighted participants' coding skills under time constraints. The competition featured teams of two, pairing 1st-year students with 2nd or 3rd-year counterparts, with sixteen teams competing in a DSA hackathon for the champion title. The event budget included essentials and prizes, enhancing motivation. Key objectives included fostering inter-batch collaboration, bridging experience gaps, and promoting networking. CodeOff provided hands-on experience for first-year participants, boosting confidence and community engagement. Overall, CodeOff exemplified community-driven initiatives, fostering collaboration and healthy competition while enhancing technical skills and building lasting connections among students.

5) Aeravat AI Hackathon

The Aeravat AI Hackathon, held at S.P.I.T on March 22nd and 23rd, was a vibrant 24-hour event organized by IEEE CS SPIT in collaboration with the IEEE Bombay Section. The hackathon aimed to accelerate innovation in Artificial Intelligence (AI) by bringing together participants to address societal challenges and explore cutting-edge developments. With 43 teams from across Maharashtra, the event fostered creativity, collaboration, and problem-solving in a dynamic environment. Participants engaged deeply with real-world challenges, showcasing remarkable teamwork and pushing the boundaries of AI innovation, ultimately nurturing a community dedicated to leveraging technology for positive impact.

1) Kalsubai Trek

On the night of October 14, 2023, under a star-studded sky, 160 participants gathered with excitement and anticipation to embark on an adventurous trek to Kalsubai, organized by the Sports Committee of Sardar Patel Institute of Technology (S.P.I.T). This memorable journey commenced at 10 PM and lasted until 10 PM the following day, offering students a unique opportunity to connect, develop their fitness and skills, appreciate nature, and partake in a fun, culturally enriching event. The Sports Committee left no stone unturned, ensuring the safety, well-being, and enjoyment of all participants.

2) Agility

Then came our intra-college Sports Fest, Agility conducted from 28th Oct to 5th Nov which was a celebration of inclusivity, with 4 different sports, and a special football tournament for women. This year we introduced mixed doubles in badminton, which gained great attention. We received great participation and enthusiasm from all years highlighting our dedication to unity and empowerment in sports.

3) Spoorthi

Spoorthi - Rise to Conquer, S.P.I.T.'s intercollege sports fest, redefined Mumbai's sporting scene with a vision of unparalleled scale and inclusivity. Over seven days, from February 12th to 18th, 2024, including the sports - Football, Basketball, Cricket, Volleyball, Badminton, Lawn Tennis, Chess, Table Tennis. Events unfolded simultaneously, attracting participants from over 55 colleges across Maharashtra. This year, we raised the bar compared to last year by increasing the caps for all sports, ensuring wider participation and fiercer competition. Right from Marketing, PR, and Decor, to Social Media and creatives, Spoorthi was a result of the great team efforts put in by everyone. As a beacon of unity and celebration, Spoorthi continues to inspire and unite through the power of sports.

4) S.P.I.T. Marathon

S.P.I.T. Marathon - Miles for Smiles, held on 10th March 2024 aimed higher this year, running to spread mental health awareness, drawing participants from across Maharashtra for a celebration of athleticism. Participants in the marathon began their race at Bhavan's Ground, following a planned route for both 5km and 10km categories. The 5km race went from Bhavan's Ground to Juhu Circle and back, while the 10km race extended to Soho House

Juhu before returning. The well-marked course included water stations and student volunteers for traffic control and support, ensuring a safe and enjoyable run.

The marathon, meticulously planned and flawlessly executed by the Sports Committee, provided a seamless experience. Runners received clear instructions and race bibs at Bhavan's Ground. Volunteers guided runners and provided water, while medical teams were on standby for emergencies. With 800 runners, the marathon was a resounding success. Our Chief Guest Gitanjali Lenka inspired the runners. The event concluded with a festive atmosphere at the finish line, where participants received medals and refreshments, celebrating their achievements. The coordinated efforts of organizers, volunteers, and local authorities ensured the marathon's success, promoting physical fitness and mental health awareness.

5) General Championship Sports

Last event of the Sports Committee's tenure was the highly anticipated GC, held in April 2024. Each branch fiercely competed to excel in various sports and lead their branch to victory. This year's lineup included Football, Cricket, Volleyball, and Tug of War. To promote and empower girls' participation in sports, the committee also introduced Dodgeball as a dedicated sport for female participants.

1) Technovate Hackathon

Technovate, a 24-hour hackathon organized by District 3141 in collaboration with RC Spit, took place on September 16th and 17th, providing a platform for innovative minds to come together and tackle pressing issues related to the environment and social causes. Participants were tasked with addressing problem statements ranging from environmental sustainability to social justice, fostering creativity and collaboration among teams. The hackathon was a dynamic event, with participants brainstorming ideas, developing prototypes, and presenting their solutions to a panel of judges within the 24-hour timeframe. Throughout the event, mentors provided guidance and support to help teams refine their ideas and projects.

2) Beach Cleaning Drive

The beach cleaning drive conducted on 2nd October 2023 aimed to clean and preserve the shore of Mithi River, addressing environmental pollution concerns. Conducted in collaboration with Beach Please, the initiative collected over 6 tons of garbage through meticulous planning and active volunteer involvement. It fostered awareness about cleanliness and environmental conservation while showcasing the club's commitment to community welfare.

3) The Pad Project

The Pad Project organized by RC-S.P.I.T at Saksharta Foundation on 15th October, 2023 aimed to raise awareness of menstrual hygiene and provide sanitary pads to middle school girls in need. Through education programs and distribution efforts, the project improved menstrual hygiene practices and reduced the stigma surrounding menstruation. Interactive sessions, including fun activities, enhanced engagement and enjoyment.

4) Blood Donation Drive

The Blood Donation Drive conducted on 27th October, 2023 aimed to collect units of blood for patients in need while raising awareness about the importance of blood donation. The event garnered an overwhelming response, with 104 donors contributing generously. It provided a convenient platform for students and staff to participate, emphasizing the significance of regular blood donation in saving lives.

5) Visit to Advitya Foundation

The visit to Advitya Foundation on 7th November, 2023 aimed to understand and contribute to the empowerment of individuals with conditions like Down's syndrome or autism. Through engaging activities, discussions, and shared meals, our team fostered meaningful connections and promoted inclusion. Positive feedback from volunteers and staff highlighted the success of the event in creating a sense of community engagement and collaboration.

6) Addiction Awareness Week

Addiction Awareness Week aimed to educate college students about various types of addiction, coping mechanisms, and supporting others in recovery. The initiative included a "Wall of Hope" where uplifting messages were displayed from November 1st to 7th. On November 7th, a street performance on addiction awareness, blending humor and motivation, captivated audiences and honored guests from RC 3141. The event fostered dialogue on mental health and received positive feedback from students and faculty, enhancing teamwork within the RC committee.

7) Night Cycling

The night cycling event held on January 27th in South Mumbai attracted approximately 100 participants who embarked on an exhilarating journey through the city's iconic landmarks, starting from the Gateway of India and continuing along Marine Drive, Haji Ali, Flora Fountain, and concluding at Chhatrapati Shivaji Maharaj Terminus (CSMT). Participants were briefed about the route and safety measures before setting off, and highlights included breathtaking views of the Arabian Sea, cultural pit stops at landmarks and shared camaraderie among cyclists. Overall, the event was a resounding success, fostering community engagement and appreciation for the city's heritage.

8) S.P.I.T. Marathon

The S.P.I.T Marathon, held on March 9th & 10th at SPIT Campus and Juhu Beach, aimed to promote mental health awareness under the theme "Miles for Smiles." Organized by Rotaract Club SPIT and Sports Committee SPIT, the event attracted over 800 participants, showcasing strong community support. Renowned Chief Guest Gitanjali Lenka inspired the runners. RFID-equipped bibs ensured precise tracking of participants. The marathon had a significant and positive impact on the community, promoting both physical fitness and mental health awareness. By drawing attention to mental health issues, the event helped reduce stigma and encouraged open conversations about mental well-being.

Enactus

Member Name	Designation
Siddhesh Kirdat	President
Kunal Bhatia	Vice President
Shraddha Kankeshwar	Vice President
Dishita Jain	Joint Secretary
Atharva Chavhan	Head of Operations

Enactus, a student-driven non-profit, fosters entrepreneurial endeavors to enhance lives. The acronym (EN)Entrepreneurial, (ACT) action made by (us) embodies its mission. Serving as a university hub, Enactus empowers recipients by leveraging their skills for community development. Enactus S.P.I.T., part of Enactus India at Bhartiya Vidya Bhavan's Sardar Patel Institute of Technology, champions social entrepreneurship, striving to bolster employability, sustainability, and societal advancement since its establishment in August 2020.

1) Cloth Donation Drive

In a remarkable collaboration with a dedicated NGO, the cloth donation drive, held from October 23rd to 26th, garnered an overwhelming response from donors, leading to resounding success. The primary goal was to provide clothing for underprivileged children and elderly individuals, and the outpouring of generosity from donors of diverse backgrounds truly made a difference. Volunteers worked tirelessly to collect, organize, and distribute the donated clothing, ensuring that each item reached those in need. This initiative not only supplied clothing for the vulnerable but also acted as a platform for valuable learning and skill development. Volunteers gained hands-on experience in event planning, communication, and teamwork, while deepening their understanding of social issues and forging meaningful connections within the community. Notably, approximately 120 children and 8 faculty members participated in this impactful cause.

2) Blood Donation Drive

Blood donation drive on 27th October, in collaboration with Rahega hospital and RC S.P.I.T. , was a phenomenal success, all thanks to the incredible donors who joined us. The main aim was to gather a substantial amount of blood (over 100 units) to meet the medical needs of patients. The massive turnout underscored the need for awareness campaigns about regular blood donation, showing its critical role in addressing medical needs. The

event's success highlighted the importance of convenience, with snacks and refreshments ensuring smooth participation. Overall, this experience enriched our understanding of mobilizing communities and the positive impact of facilitating involvement in noble causes.

Attendance: 104 donors.

3) Abhimat-Lok Sabha Debate Competition

Abhimat, hosted by Enactus, is an exhilarating and vibrant debate event spanning four hours. It serves as a grand forum where students from diverse colleges convene to exchange their ideas. Similar to a parliamentary assembly, the event comprises two main segments where participants engage in discussions and debates on various topics, endeavoring to sway others with their eloquence and viewpoints. To ensure equity, astute judges attentively observe and listen, evaluating the participants' knowledge of the topics and the articulation of their ideas. Exceptional performance may lead to the coveted prize of money. However, beyond winning, the event is also about reveling in the experience and gaining new insights. Notably, 114 participants graced the event with their presence, contributing to its dynamic atmosphere.

1) Animetoon

This event was held on 20th October 2023. The WIE student chapter hosted a quiz on favorite cartoon and anime characters for first-year students. Participants could compete individually or in teams of 2-4, using buzzers to answer questions. Correct answers earned 4 points, but incorrect or out-of-turn responses deducted 2 points. Rounds included picture, trivia, and audio challenges. Team APK, led by Pranav Tanawade, emerged victorious. Prizes were awarded by the WIE Chairperson. The event concluded with participants enjoying a photo booth.

2) C Coding Bootcamp

This event was held on 19th November 2023. WIE SPIT organized a bootcamp led by Shivani Bhat, focusing on C programming for first-year students. Promotion was done via social media, and attendees joined via a WhatsApp Group and Google Meet. Shivani covered concepts from C language basics to file handling, providing practical

demonstrations and explanations. Topics included data types, conditional statements, sorting algorithms, arrays, strings, structures, pointers, memory allocation, and file handling. Attendees engaged in interactive sessions and polls. Shivani shared her practical experience, resolving attendees' doubts. The session garnered positive feedback, with students appreciating the WIE Team's efforts in facilitating the event's success.

3) Constitution Day Celebration

On 26th November 2023, WIE conducted the celebration of the constitution day. During the break, all students were instructed to assemble at the entrance. They were briefed about the history of Constitution Day. All students took the national pledge. WIE team also visited students in classrooms, giving them information about Constitution Day and they also took the pledge. Thus, this event was informative for students.

4) Savitribai Phule and Jijamata Jayanti

On 19th January 2024, IEEE WIE SPIT, along with IIC SPIT and Electoral Literacy Club, organized an event led by Dr. Aarti Karande, Prof. Sheetal Chaudhari, Madhura Kanfade, and Shivani Bhat. Shivani hosted the event, which began with the lighting of the lamp and speeches by the Principal, Dr. Pooja Raundale, Dr. Pramod Bide, and Sanjay Sir. They highlighted the contributions of Savitribai Phule and Jijamata to female education and Indian history. Dr. Raundale was felicitated for her speech. The event concluded with a harmonica performance.

5) Menstruation and Mental Health

The event was held on 7th February 2024 and was hosted by Madhura Kanfade and Nirmitee Sarode, targeting all female students in seminar hall 008. Ms. Mishika Dhakan spoke on body language's significance in professional and casual settings, emphasizing posture, presentation skills, confidence, personal hygiene, and mental health maintenance. The session concluded with a lively Q&A session, enjoyed by all attendees.

6) Resume Writing

The event, organized by WIE SPIT and TPO SPIT, featured Dr. Madhavi Gokhale discussing communication skills and resume tips for interviews. She emphasized the significance of effective communication and balanced resumes. Dr. Gokhale outlined dos and don'ts for both resumes and interviews. The session included mock interviews to enhance candidates' body language and communication skills.

**Bhartiya Vidya Bhavans
Sardar Patel Institute Of Technology**
An Autonomous Institute Affiliated To University Of Mumbai

Resume Writing and Personality Development

A resume writing and interview skills seminar by Dr Madhavi Gokhale was organized by WIE SPIT, TPO SPIT and IIC SPIT for all Third-Year Students.

This informative session focused on building resumes and brushing communication skills for interviews and was a grand success.

7) Abhimat

The dynamic Lok Sabha-style debate, hosted by WIE IEEE SPIT in collaboration with IIC SPIT and Enactus SPIT, showcased students' intellectual prowess. Teams of 1-3 members engaged passionately, discussing bills like EWS reservation and privatization. Shraddha Kankeshwar led the event, while judges Pooja Anandani, Prof Aditya Rajmene, and Mohit Sali evaluated performances. Parvez Tamboli won Best Speaker, with Khaas admi party and Local Train Janta Party earning Best Party and Best Logo awards, respectively. Devanshi and Parth received Best Question, Soham Ghaisas Best Counter, and Dibyaranjan Best Mimicry. Sphurti Asawa's insightful responses secured Best Answer. The event fostered critical thinking and effective communication skills.

**Bhartiya Vidya Bhavans
Sardar Patel Institute Of Technology**
An Autonomous Institute Affiliated To University Of Mumbai

Abhimat

A Lok-Sabha styled debate competition was organized by WIE SPIT, IIC SPIT and Enactus SPIT. Participants were assigned ruling and opposition parties and had to defend or amend the bill proposed. This event showcased effective speaking, critical thinking and communication skills of our students.

8) Inauguration of Women's week

IEEE WIE SPIT and Student Council SPIT organized a vibrant celebration of womanhood at SPIT's entrance, adorned in white and purple. Hosted by Manavi Jhalani and Gargi Kadam, the event began with a prestigious ceremony led by the Principal, emphasizing the importance of honoring women's achievements. Mudra members captivated the audience with dance and a skit, highlighting narratives of resilience. Attendees enjoyed culinary delights and admired resin art, showcasing the creativity of womanhood. Gratitude and inspiration filled the air as the event concluded, leaving a lasting impression on all attendees, celebrating the beauty, strength, and diversity of womanhood.

9) Empowerher Ideathon

WIE SPIT, Student Council SPIT, and CSI SPIT collaborated for an event in seminar hall 008, hosted by Shivani Bhat. Teams of three students from all years tackled problem statements focusing on women's issues. Twenty teams, split into two panels, pitched solutions. In room 008, students devised platforms for pregnant women, judged by Mayuri Ghuge and Pranjal Patil. In lab 203, they brainstormed financial literacy platforms for women, judged by Dhruvi Gopani and Mansi Dwivedi. Team OnlyGirls and Team ConceptCrafters triumphed for their innovative solutions, highlighting the event's success.

WIE SPIT and Student Council SPIT organized an event in room 008, inviting faculty from all departments and hosted by Shivani Bhat. The event began with musical performances by Shivani Bhat, Uday Chavan, Prof Vipul Kushwaha, and Nikhil Chaudhari, followed by faculty participating in dumb charades and Guess the Song by emojis. Prof Renuka Pawar excelled in the latter. Refreshments were served, concluding with music and dance performances by the faculty, creating a memorable atmosphere of camaraderie and enjoyment.

1) Workshop on Microcontroller Programming

On October 27, 2023, the Sardar Patel Institute of Technology hosted a workshop on microcontroller programming for freshman students. With the support of the F.E.T.S Committee, Adhik Mewada led an engaging session that provided valuable insights into electronics and computer-related concepts, hands-on project experiences, and the inspiring journey of starting Smowcode. The event was a resounding success, igniting students' enthusiasm to explore Smowcode further and serving as an excellent platform for learning, networking, and potential future opportunities in this field.

2) Alumni Connect Event

The Alumina Meet, organized by the F.E.T.S committee, united accomplished alumni from the EXTC department to share their distinctive career journeys. This event aimed to offer students firsthand insights into the challenges and triumphs encountered in their pursuit of success. Attended by 86 students of diverse academic years, the Alumina Meet provided a wealth of knowledge, guidance, and inspiration for students aspiring to carve their professional paths. The diverse range of speakers illuminated multifaceted aspects of career development, highlighting the institution's commitment to the holistic development of its students and the enduring bond between the institution and its alumni.

1) Cloud Jam at S.P.I.T

In collaboration with the Google Developers' Student Club (GDSC), the Innovation and Incubation Cell at Bhartiya Vidya Bhavans Sardar Patel Institute of Technology organized Cloud Jam. This transformative event spanned over a month, focusing on cloud computing and generative AI. Led by Sonu Sahu and Professor Jignesh Sisodia, the program aimed to equip students with fundamental cloud computing knowledge. Promoted on social media, Cloud Jam attracted 150 participants, engaging them in discussions on platforms like AWS, Azure, and Google Cloud. A highlight was the Google Cloud Jam offering exclusive access to Google Cloud Technologies Dashboard, enabling participants to earn official certificates. This event successfully enriched students' understanding of cloud technologies, fostering a vibrant community of passionate learners.

2) Open Source Workshop

The Google Developer Student Clubs at Sardar Patel Institute of Technology organized an Open Source Workshop, introducing participants to open-source technologies, focusing on Git and GitHub contributions. The event included a presentation on open-source projects, a live demonstration, and a discussion on Hacktoberfest. Over 100 students attended the online event, which featured an interactive session addressing queries on open-source tech and programming concerns. The workshop promoted a supportive learning environment, enhancing students' skills and knowledge. It inspired collaboration and innovation, and its success can be attributed to the organizing team and enthusiastic participants. More initiatives are eagerly anticipated.

3) Session on Problem Solving and Ideation Workshop

The Problem Solving and Ideation Workshop aimed to educate students on problem-solving skills, fostering critical thinking, creativity, and teamwork. The session cultivated analytical and strategic skills, stimulated innovative thinking, and enhanced communication and time management skills. Participants gained practical knowledge and tools, promoting a culture of continuous learning and an intrapreneurial mindset. The workshop successfully achieved its objectives, providing valuable skills and knowledge applicable in personal and professional settings.

professional contexts. Facilitated by experts, the event emphasized decision-making, resilience, and adaptability, ultimately empowering participants to drive positive impact and improvement within their respective environments, contributing to their growth and development.

4) Bit-by-Bit

"Bit-by-Bit," an engaging initiative by GDSC, delivered bite-sized coding insights via our official Instagram page. Every Thursday, we shared valuable information in digestible portions, supplemented with interactive quizzes. This approach allowed for gradual learning, ensuring longer retention and easier consumption. To promote the event, we leveraged Instagram's visual appeal and reach, encouraging participation through appealing stories about informative coding topics. "Bit-by-Bit" not only served as a learning platform but also fostered community engagement. We successfully delivered accessible coding knowledge, enhancing the learning experience for our audience while promoting our club's objectives.

5) Code Red

"Code Red," a Google Developers-organized event at Sardar Patel Institute of Technology, challenged participants to think critically and solve problems through an immersive storyline-based competition. Held on March 18th, the two-hour event engaged over 60 teams, fostering teamwork and strategic thinking. Unlike traditional coding competitions, "Code Red" focused on navigating complex scenarios, offering a fun and interactive alternative. Promotion through social media and posters attracted participants eager to test their problem-solving skills in a unique and engaging format. "Code Red" proved a resounding success, exceeding expectations in both participation and enthusiasm.

1) CanSat Workshop

This event was held on 16th Jan 2024, in both online and offline mode. The speaker for this event was Mr Jayesh Banatwala, a licensed HAM Radio Operator. He guided the team on ground station, communication subsystem, antenna design and power subsystem design. His inputs were an asset to Team SPrIha. Attendees engaged in discussions ranging from satellite communication to building processes, with insights from Jayesh Sir and Amateur ZA from the Mumbai Amateur Radio Institute. The session culminated in a Q&A and networking segment, fostering connections and expanding knowledge in Physics, Astronomy, and Satellite technology.

2) ML Hackathon

This event, organized on 7th February 2024, showcased a grand problem-solving challenge on Kaggle. Teams of 1-2 members tackled datasets curated by the organizers, rooted in astronomy. With problems ranging from simple to complex, participants applied cutting-edge models to derive insights. The virtual platform fostered competition and collaborative learning, merging technology with astronomy. The hackathon spurred students to push boundaries, decode cosmic mysteries, and showcase problem-solving skills in a celestial context.

3) IITB Workshop

This event was organized by IIT Bombay on 16th March 2023 and was attended by a team of SPIT Students. The Ground Station Workshop began with an overview of the Pratham Satellite project, highlighting its challenges and achievements. KJ Somaiya's BeleifSAT-0 team shared advancements in Satellite technology. Demonstrations showcased satellite tracking techniques and Yagi-Uda antenna construction. Interactive sessions covered antenna theory, electronics, and obtaining an amateur radio license. The workshop, a blend of technical sessions and practical demonstrations, fostered a keen interest in satellite communication and amateur radio among astrophysics club members.

1) Engineers' Caravann:

Engineers' Caravan was a vibrant event uniting engineering enthusiasts, showcasing the power of collaboration and mentorship within the community. With boundless enthusiasm, the event connected seasoned seniors with eager first-years, fostering mentorship and camaraderie. Attendees enjoyed interactive workshops and insightful discussions, igniting inspiration and sharing knowledge. The atmosphere was buzzing with energy, setting a spirited tone for the year ahead and promising growth within the dynamic realm of engineering.

2) CYBER SAGA:

In the virtual realm of gaming, an electrifying saga unfolded under the auspices of ACSES, the esteemed committee of SPIT. Players from diverse backgrounds converged in a digital arena, transcending geographical boundaries to embark on an epic journey. Gamers navigated intricately designed levels that tested their strategic prowess and quick thinking, facing new obstacles that demanded both collaborative efforts and individual skill. Amidst fierce competition, camaraderie flourished as alliances were forged and rivalries ignited. Spectators were enthralled, witnessing the spectacle unfold in real-time, while commentators added excitement with their insightful analysis. The climax saw champions emerge victorious, their names etched in digital glory. Beyond the accolades, the true essence of the cyber saga lay in the bonds formed, the memories created, and the spirit of sportsmanship that resonated throughout the virtual realm, inspiring future generations of gamers to embark on their own odyssey.

3) CLOUD COMPUTING BOOTCAMP:

The ACSES Committee of SPIT recently organized an intensive Cloud Computing Bootcamp, aimed at equipping participants with essential skills for the evolving field of cloud technology. Over several weeks, the bootcamp covered cloud infrastructure, virtualization, storage, security, and deployment models. Industry experts led hands-on training with practical exercises, case studies, and real-world scenarios. Participants engaged in interactive discussions, networked with peers, and explored career opportunities in cloud computing. By the end of the program, attendees gained a solid understanding of cloud principles, practical experience, and the confidence to navigate modern IT environments. The bootcamp provided a valuable platform for aspiring professionals to enhance their skills and remain competitive in the digital landscape.

4) PYTHON BOOTCAMP:

The ACSES Committee of SPIT organized a comprehensive Python Bootcamp to empower students with essential programming skills. Spanning several weeks, the bootcamp covered fundamental Python concepts such as data types, control flow, functions, and object-oriented programming. Participants engaged in hands-on projects and exercises that reinforced their theoretical knowledge with practical experience. Expert instructors led the sessions, fostering a collaborative environment where students could address doubts and exchange ideas. By the end of the bootcamp, attendees had developed strong Python proficiency and gained the confidence to tackle complex coding challenges, preparing them for success in the dynamic tech landscape.

5) MINI PROJECT EXHIBITION:

The Technological Marvels Exhibition, organized by the ACSES Committee, showcased an impressive array of innovative projects, reflecting the latest in tech and digital advancement. Held in vibrant halls, the exhibition featured groundbreaking software solutions and sophisticated hardware prototypes, demonstrating the students' dedication and expertise. Visitors were captivated by the seamless blend of creativity and technology, exploring a diverse range of exhibits that highlighted the future of interconnected solutions. The event celebrated engineering excellence, inspiring attendees and showcasing the potential of technological innovations to transform the world..

6) DBMS BOOTCAMP:

The ACSES Committee of SPIT organized a thorough DBMS bootcamp designed to meet the increasing need for database management skills. The program catered to both beginners and those looking to advance their knowledge, blending theoretical concepts with practical exercises. Participants explored key areas such as database design, normalization, SQL querying, and administration through interactive sessions, workshops, and real-world case studies. Expert instructors provided personalized support, fostering a collaborative learning environment. The bootcamp concluded with a capstone project that allowed participants to tackle real-world database challenges. By the end, attendees had developed a strong grasp of database systems and the skills necessary for effective database management.

1) Git and Github Workshop:

On September 13, 2023, CSI S.P.I.T. held a Git and GitHub workshop for first-year students, led by two third-year students. The session covered version control, branching, merging, and collaboration through hands-on exercises. It included a doubt session and fostered efficient code management and teamwork, equipping participants for future collaboration.

2) Source Start:

From October 17 to 31, 2023, CSI-SPIT hosted Source Start, a two-week celebration of open-source contributions for Hacktoberfest 2023. It began with an informative session by GSOC '23 intern Vedant Jolly. The event featured 12 GitHub repositories, a competitive element with a leaderboard, and saw over 100 pull requests, promoting an open-source culture among SPIT students.

3) Code Housie:

On November 1, 2023, CSI-S.P.I.T. hosted Code Housie for first and second-year students. Participants received tickets with six numbers, each representing a HackerRank question. With a 2-hour time limit, teams earned 100 points per correct solution. Prizes over INR 3000 were awarded for "Full Housie" and row completions. The event ended with four row completions and one "Full Housie."

4) M.L. Workshop:

On January 27, 2023, during Tech Week, a 2-hour online ML workshop was conducted by Dr. Ayesha Hakim. The session covered Python libraries like Numpy and Pandas, fundamental concepts like regression, and their applications in astrophysics. Topics included astrophysical data interpretation, preprocessing, regression, classification algorithms, and result optimization. Active student participation highlighted the event's success.

5) S.P.I.T. Hackathon:

On February 10-11, 2024, the flagship S.P.I.T Hackathon, organized by C.S.I S.P.I.T in collaboration with the Students' Council S.P.I.T, was held at Sardar Patel Institute of Technology, Mumbai. The event garnered over 1500 registrations from across India for the initial online abstract submission round, from which 50 teams were shortlisted for the on-site hackathon.

The event began at 9:00 AM with an opening ceremony that included lamp lighting and speeches by Dr. B.N. Chaudhari, Principal of S.P.I.T, Dr. Y.S. Rao, Dean of Academics, and Prof. Kailas Devadkar, faculty mentor of CSI S.P.I.T. Following this, the technical team briefed the team leaders on the problem statements from 10:00 to 11:00 AM, and the coding round commenced at 11:00 AM.

Participants received meals and refreshments at regular intervals, and two mentoring rounds, both offline and online, were held to assist teams with their ideas and implementations. Teams worked diligently through the night,

submitting their final commits on GitHub before the 11:00 AM deadline on February 11. They also provided presentations detailing their project's functionality and future scope.

On February 11, esteemed judges from diverse domains evaluated the projects, ultimately selecting the top 10 teams for their innovation and creativity. The winners were announced, with Iterative Bytes taking first place, Loading... coming in second, and MinGWx86 securing third place.

6) Empower-Her Ideathon:

In celebration of Women's Week, C.S.I-S.P.I.T, W.I.E-S.P.I.T, and the Student Council organized a women-only Coding Contest to empower Women in STEM. The event combined a case study and hackathon, challenging students to create and present women-oriented app ideas. Winners of the Empower-Her Ideathon were:

PS-1:

1. Vanshika Shah, Darshini Kadme, Awani Khodwe
2. Sanjeev Ratnani, Muskan Sharma, Heenal Patel

PS-2:

1. Hrishikesh Dalal, Venisha Kalola, Maureen Miranda
2. Om Patole, Samrith Shetty, Aditi Rao

7) CODE UNCODE:

CSI SPIT, DJSCE CodeStars, and KJSCE CodeCell organized a major competitive programming competition, supported by TLE ELIMINATORS and featuring CodeForces Candidate Master Priyansh Agarwal. Open to all skill levels, the event included prelims on April 7, regionals on April 9-11, and finals on April 14. With 1000+ registrants, the event included solution discussions and offered a prize pool of ₹50,000 for first place, ₹30,000 for second, and ₹20,000 for third.

8) SE Hackathon:

On April 20-21, C.S.I. S.P.I.T. organized the 'S.E. Hackathon,' a 24-hour event exclusively for second-year S.P.I.T. students. The hackathon aimed to equip participants with skills beneficial for their careers and prepare them for regional and national-level hackathons. Objectives included developing a full-fledged project within 24 hours, exchanging ideas with peers from different tech domains, brainstorming market-level product features, effectively working in groups by leveraging individual skills, and receiving guidance through mentoring rounds to overcome roadblocks. The event provided a valuable platform for skill enhancement and collaboration.

1) Cricket World Cup Auction:

The Cricket World Cup Auction, held on Sunday, October 22, 2023, featured a dynamic format that included bidding for teams, power cards, and players, creating a fast-paced environment. The auction had two slots with 10 teams each, all working within a budget of 90 crore rupees to form their dream teams. A dedicated website provided real-time updates on team compositions, player statistics, and leaderboards, enhancing excitement and transparency. The team with the highest total points, based on the historical performance of their purchased players, was declared the winner. Teams Netherlands and Pakistan emerged victorious in the first slot, while Pakistan and Bangladesh won in the second slot, each receiving a cash prize and coupons for a no-escape room.

2) Face Cup:

The Face Cup event featured a series of engaging intellectual and entertainment activities. The Chess Tournament, held online on Lichess on January 22, 2024, began at 11:30 AM with a round-robin format. Shaan Agarwal from TE A secured first place, Vinayak Yadav from FE B came second, and Megh from FE C finished third.

The FACE Cup Quiz Competition, hosted by alumnus Suyash Chavan on January 28, 2024, from 8:00 PM to 11:00 PM, was conducted via Google Meet. It featured ten teams and an alumni team, with questions spanning general knowledge, current affairs, science, technology, and pop culture. The alumni team won with 290 points, followed by the Second Year Div B team with 270 points and the Third Year Div A team with 260 points.

The Valorant Competition, an esports event held on February 6, 2024, showcased gamers' skills in the first-person shooter game. Following "Valo Rules," it featured two groups of four teams each. SE B took first place, BE second, and SE A third.

The Football Tournament on January 26, 2024, at Suntech Turf, involved teams from different academic years, each with six players and one substitute. FE B won first place, BE second, and TE A third.

The Cricket Tournament on January 21, 2024, from 8:30 AM to 4:00 PM, included teams from all academic years, each with seven players and one substitute. SE B won first place, FE A second, and TE A third. This diverse array of events provided students with opportunities to engage in both intellectual challenges and physical activities, promoting a well-rounded competitive spirit.

3) Codefolio:

The Codeolio event, held from April 19 to April 22, 2024, provided first-year (FE) and second-year (SE) students with a platform to showcase their coding skills and creativity by developing portfolio websites. The event attracted eight participants from the FE and SE cohorts, with submissions collected via Google Forms. Continuous guidance and resources were provided to participants. The judging round took place online on April 22, 2024, with judges Aditya Kharote, Varun Korrane, and Shruti Haryan. This phase offered valuable feedback and engaging discussions, helping participants refine their projects. The event concluded with Satyam Vyas winning 1st prize, Manjiri Chavande 2nd, Tabish Shaikh 3rd.

1) Dreams & Deals (D&D):

On October 31, 2024, the event focused on engaging first-year students while encouraging participation across all grades. It featured extensive publicity through offline and online campaigns, and Halloween-themed cards with

unique QR code riddles to prevent cheating. A dedicated website tracked scores and leaderboards. The top 10 teams presented pitches for fictional products. Mr. Hardik Joshi, CEO of SP-TBI, judged the final round, concluding the event with a celebration of its success.

2) WIPO IP Diagnostics:

On October 25, 2023, the WIPO IP Session, hosted by IIC and N.I.S.P, provided comprehensive training on Intellectual Property Rights (IPR). Led by industry experts and legal professionals, the session covered patents, copyrights, trademarks, and their legal implications. Participants gained insights into protecting innovative ideas and creations, and the global significance of IPR, enhancing their ability to safeguard intellectual property effectively.

3) Startup Day Celebration:

On January 25, 2024, the “Entrepreneurship, Innovation and Startups” event, led by Dr. Kiran Talele and organized by the NISP Council, made a significant impact. Dr. Talele integrated local startup stories from SPIT with analyses of industry giants like Flipkart and PhonePe, using their strategic innovations as case studies. The event, which attracted a diverse audience of students, faculty, and enthusiasts, offered practical insights into SPIT’s incubation and funding processes. Attendees left inspired and equipped with a comprehensive understanding of entrepreneurship, highlighting the event’s role in fostering an entrepreneurial culture.

4) Intellectual Property Rights (IPR) Seminar:

On February 2, 2024, Adv. Rachna Shroff conducted a webinar on the importance of intellectual property (IP) protection for startups. The session covered topics like Coca-Cola's copyright policy, joint IP rights, and license agreements. Adv. Shroff emphasized patents, trademarks, copyrights, and trade secrets, highlighting their practical applications. Attendees gained valuable insights into protecting innovative ideas, fostering collaborations, and leveraging IP for growth, enhancing their ability to navigate IP complexities effectively.

5) BMC (Business Model Canvas) Workshop:

On February 23, 2024, Dr. Aarti Karande led a successful seminar on the Business Model Canvas. Participants learned about business planning, market analysis, and writing executive summaries through engaging and interactive sessions. The seminar provided valuable insights for better decision-making and clear expression of business ideas, enhancing participants' chances of attracting investors. The event, which drew students interested in entrepreneurship, received positive feedback and enriched the entrepreneurial community, inspiring innovation and the pursuit of entrepreneurial dreams.

6) Startup Stories:

The Startup Stories event, organized by the National Innovation and Startup Policy Council (N.I.S.P.), featured five insightful sessions. On 4th April 2024, Professor Sakina Salmani captivated first-year engineering students with a case study on UpGrad, emphasizing critical thinking and practical knowledge. On 15th April 2024, Dr. Kiran Talele discussed Collegedunia with 50 engaged students, fostering debates and entrepreneurial ambitions. Later that day, Professor Salmani led an interactive session with 20 students, blending theory and practice. On 16th April 2024, Dr. Aarti Karande explored startup phases, providing real-life examples. The event culminated with a session led by Professors Salmani and Karande, focusing on UpGrad's success, inspiring students with perseverance and adaptation insights.

7) Industrial Visit to KPMG:

The Industrial Visit to KPMG's Innovation Kaleidoscope Center in Mumbai on 9th May 2024 provided students with an insightful experience into the practical applications of theoretical concepts in real business environments. Interacting with KPMG professionals, students received valuable insights, advice, and mentorship, enhancing their professional growth and networking skills. The visit began with an informative presentation on KPMG's innovative projects, followed by an exploration of various zones within the center. Students experienced cutting-edge solutions, including virtual reality technology and innovative retail practices, showcasing how technology revolutionizes traditional business models. This visit enriched students' learning by deepening their understanding of organizational dynamics, professional practices, and the crucial role of innovation in the corporate world, preparing them for future careers.

Awards and Recognition 2023-24

[1] Best Outgoing Student Overall - Sponsored by Quantiphi

Pranati Bharadkar
BE Information Technology

This award was presented to appreciate and encourage students who have done well holistically during their graduation tenure.

[2] Best Outgoing Student - Male - Sponsored by Quantiphi

Shubh Minesh Shah

BE Computers

This award was presented to appreciate and encourage students who have done well holistically during their graduation tenure.

[3] Academic Excellence (Computers) - Sponsored by Citius Tech

Rupin Malik
BE Computers

This award was presented to the student who showed consistent academic performance with co-curricular activities.

[4] Academic Excellence (Electronics & Telecommunication) - Sponsored by WorkIndia

Aditya Kulkarni

BE Electronics and Telecommunication

This award was presented to the student who showed consistent academic performance with co-curricular activities.

[5] Best Software Project - InterviewEase: AI Powered Interview Assistance application - Sponsored by Barclays

Paras Mehta - BE COMPS

Param Kothari - BE COMPS

Srusthi Patil - BE COMPS

This award was presented to the final year project team to appreciate their success in applying their technical knowledge in developing software projects.

[6] Best Hardware Project - Sponsored by SPTBI

Aditya Kulkarni - BE EXTC

Harish Balasubramanian - BE EXTC

Vrushali Varude - BE EXTC

This award was presented to the final year project team to appreciate their success in applying their technical knowledge in developing a hardware or multidisciplinary project involving hardware and software.

Merit Holder 2023-24

Merit-holder prize winners were recognized for their outstanding academic performance.

YEAR	Class	Name

General Secretary's Overview of The Year

Good afternoon, Honorable Principal Sir, Guests of Honor, Special Guests, Teachers, Staff Members, and my fellow friends. It is with immense pleasure that I present the report on students' activities for the academic year 2023-24.

With the commencement of the new academic year, there was a surge of innovative ideas set to be incorporated into the various events scheduled for the year.

The following is a brief summary of the activities performed by the Students' Council in the Academic Year 2023-24.

Teacher's Day - 5th Sept 2023

The Students' Council kicked off its event series with a captivating Teacher's Day Celebration on 5th September 2023. The evening featured mesmerizing performances by Mudra's talented students, alongside an opportunity for our teachers to showcase their skills. It set the stage for an unforgettable year ahead, filled with more enriching experiences and memorable events.

Induction Session - 5th Sept 2023

As our tenure progressed, the first-year students joined the Institute. The Students' Council arranged an Induction Session to provide new students with a concise introduction to S.P.I.T. and its diverse facilities. All committees and clubs of the institute presented the important aspects of their committees to the students who were eager to gain more context about the committee culture of S.P.I.T.

Garba Night - 19th Oct 2023

Garba Night 2024 was an electrifying celebration that elevated the spirit of festivity to new heights! With a grand relocation from the quadrangle to the expansive Bhavan's Ground, the ambiance was set for an unforgettable evening of cultural immersion and joyous rhythms. Dazzling with a record-breaking participation of over 1200 students from SPIT, SPCE as well as SPJIMR, the event was a beautiful display of cultural diversity and camaraderie that left a lasting impression on all who attended.

Freshers' Night - 26th Oct

Following the tradition, the Student Council organized The Freshers' Night to welcome the First year students in college. The event consisted of group dances and the Mr. and Ms. Fresher contest that saw great participation from all First year students. The event approached its end with a DJ night.

Agility - 29th Oct - 5th Nov

We then moved on to organize Agility, the introductory intra-college sports event of the year. It consisted of a thrilling array of sports including cricket, football, volleyball, and badminton, organized by the Sports Committee, the sports division of the Students' Council.

S.P.I.T. Hackathon - 10th and 11th Feb

S.P.I.T.'s flagship tech event, the S.P.I.T. Hackathon, took place in February. The Students' Council and CSI S.P.I.T. organized the 24-hour offline hackathon which saw a great response from people participating from all over the country. From a pool of 300+ teams, 50 teams were shortlisted for the final event.

Spoorthi - 12th - 18th Feb

Spoorthi - Rise to Conquer, S.P.I.T. 's intercollege sports fest, organized by the Sports committee, redefined Mumbai's sporting scene with a vision of unparalleled scale and inclusivity. Over seven days, from February 12th to 18th, 2024, nine sports events unfolded simultaneously, attracting participants from over 55 colleges across

Maharashtra. This year, we raised the bar compared to last year by increasing the caps for all sports, ensuring wider participation and fiercer competition. Spoorthi's immense success was a result of the great team efforts put in by everyone.

SPIT Marathon - 10th March

Elevating the spirit of unity and health, S.P.I.T. proudly presented the Miles for Smiles Marathon 2024! It was organized by the Sports Committee and the Rotaract Club of SPIT. With scenic routes along Juhu Beach, our marathon aimed to spread mental health awareness. Featuring three exhilarating race categories – the 5km Joy Run, the 5km Timed Run, and the 10km Timed Run – participants of all ages embraced the cause. With special discounts for S.P.I.T. students, vibrant zumba sessions, and a total prize pool of 1.25 Lakhs, the event drew a whopping 800 participants! Chief Guest Gitanjali Lenka inspired runners, while pacers and ambassadors kept spirits high. From children to elders, all joined in, making this marathon a roaring success!

Women's Week 2024: 12th March - 14th March

The Women's Week took place in association with WIE-IEEE. MUDRA set the tone for the inauguration ceremony on March 12th with a profound drama and captivating dance. Council-led initiatives included setting up stalls for female entrepreneurs to promote their businesses and encourage empowerment. On March 13th, a tech-based pitching competition was organized in association with CSI-SPIT, highlighting and promoting the role of women in tech. The finale on March 14th celebrated Women's Day, honoring faculty members with engaging activities like dumb charades and guessing the song, along with captivating performances. In search of pragmatic solutions for destigmatizing the topic of menstruation, a menstrual pain simulation campaign was held on 14th March, to promote empathy and understanding among students.

E-Summit SPIT - 13th-16th March

E-Summit 2024 was a phenomenal success, showcasing the spirit of entrepreneurship and innovation. The Conclave-Day1 featured insightful sessions by Ankur Warikoo and the comedic brilliance of Raunaq Rajani, all generously shared with attendees for Students' Annual Activity Report 2023-24

free. Warikoo's entrepreneurial journey and leadership lessons were inspiring, Chari sir's deep insights into technology, innovation, and building a successful startup ecosystem were invaluable, while Rajani's humor added a delightful touch. The event highlighted E-Cell S.P.I.T.'s commitment to fostering entrepreneurship and knowledge sharing. BizQuest, E-Merge, Acquisition Arena, and the National Case Study Competition further enriched the experience, providing a platform for budding entrepreneurs to learn, network, and grow. E-Summit 2024 truly set a new standard for collegiate entrepreneurial events.

Oculus - 29th-31st March

Oculus'24 stands as a testament to our collective dedication and efforts, marking a remarkable achievement. The festivities commenced with the electrifying Techrace, setting the stage for a journey filled with innovation and excitement. As the events unfolded, the breathtaking Pronite performances stole the spotlight, captivating our hearts and leaving an indelible mark on our memories.

One of the most significant milestones of Oculus '24 was the decision to host it for the first time on the SPJIMR ground. This bold move not only elevated the event but also underscored our commitment to pushing boundaries and exploring new possibilities in event management and organization.

The unwavering support and dedication of the Student Council played a pivotal role in making Oculus'24 a resounding success. Their tireless efforts ensured seamless coordination and execution, enhancing the overall experience for attendees and participants alike.

Each day of Oculus'24 brought forth a lineup of extraordinary performers, adding to the grandeur of the event. On the first day, war of branches set the tone for an amazing fest with enthralling performances. On the second day, the stage was graced by the mesmerizing tunes of Yashraj and the dynamic duo Zulex|14.20 brought an electrifying energy to the stage, capturing the crowd with their vibrant performance. Finally, on the third day, the audience was treated to captivating performances by Ash King, Sahil Gulati, and Ayush Sharma, whose talent and charisma left a lasting impression on all who

attended.

These performances, coupled with the collective enthusiasm and energy of all involved, created an unforgettable experience that will be cherished in our hearts forever.

GC - 19th March to 28th April

The General Championship competition in the college serves as a platform for students to showcase their talents, skills, and sportsmanship. The revamped GC not only fostered camaraderie among students within their respective sections but also promoted healthy rivalry across branches. With months of intense competitions spanning various domains, the championship serves as a platform for students to showcase their talents, skills, and teamwork.

In addition to these activities, there were few other notable highlights, including the establishment of our very own Canteen and the SPIT Gymkhana. These additions have further enriched the student experience at our institute.

As the academic year almost comes to an end, I'd like to take a moment to appreciate and thank all the people who've helped in making this year memorable. I'd like to start by thanking my fellow council members, Yusuf Sodawala and Anushka Acharya, the Cultural Secretaries, Aniket Kesarwani and Aditya Shirodkar, the Technical Heads, Deep Mehta, the Sports Secretary, Ankit Mishra, the Finance Secretary, Gargi Kadam, the Ladies Representative, Tanush Salian, the Vice Cultural Secretary, Arya Patkar and Sanjeev Ratnani, the Deputy Technical Heads, Sphuriti Asawa, the Vice Finance Secretary and Rakshita Borkar, the Vice Sports Secretary. The events and the accomplishments I have talked about would not have been possible without their contribution and support. Thank you so much Bhagat sir and Talele sir for always being there to support and guide us throughout the year. Thank you, Dhage sir, for your continuous guidance and for showing us how to embrace responsibility in practice, turning it into meaningful actions and positive outcomes. Thank you so much Principal sir for always pushing us and supporting us to touch great heights. Your guidance has helped us grow on a personal as well as a professional level. I would also like to take a moment to thank the ex-council

members who were always there to help us through leaps and bounds. I would personally like to thank Yug Harlalka , the ex-general secretary, who was always there to support and guide me from the very beginning till the very end. There was never a time when I called him and he was not there to help me out. I would also like to thank Nikhil Motwani, the ex-cultural secretary, who was always there to bless us with his ideas whenever we were experiencing a creative drought. A big thank you to Shubh Shah, our ex-finance secretary, for his invaluable support in ensuring a smooth transition from last year to this year and for personally guiding us through the financial procedures of the college.
